## SCORPIO '79

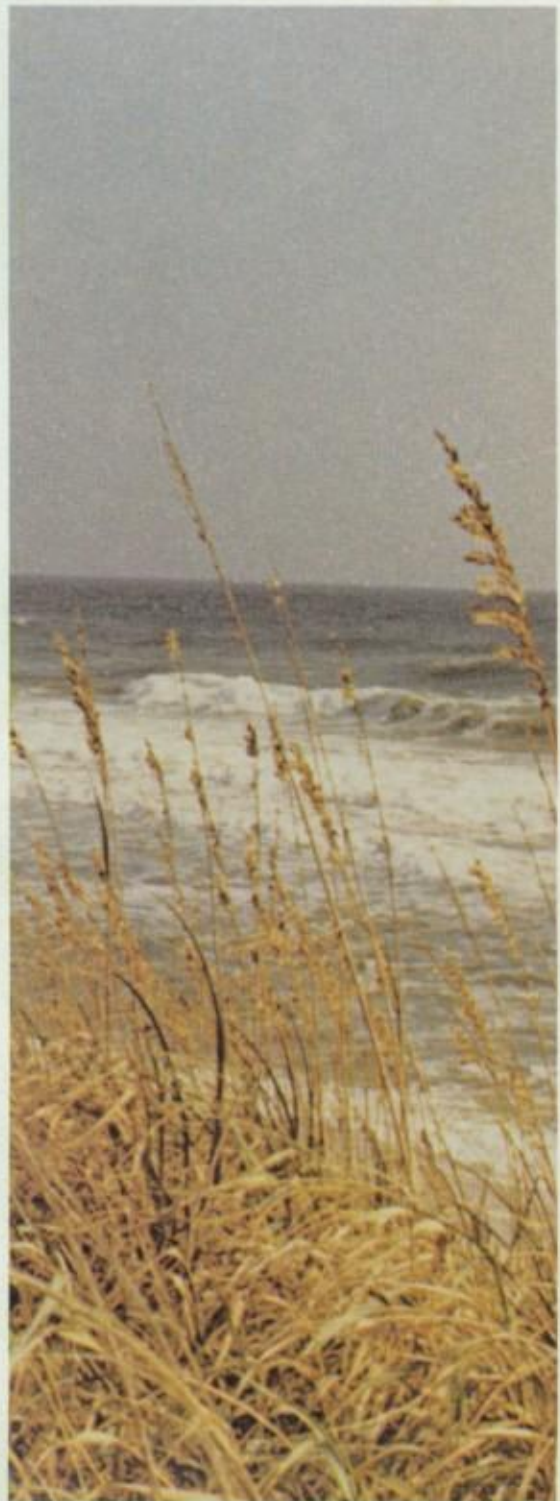

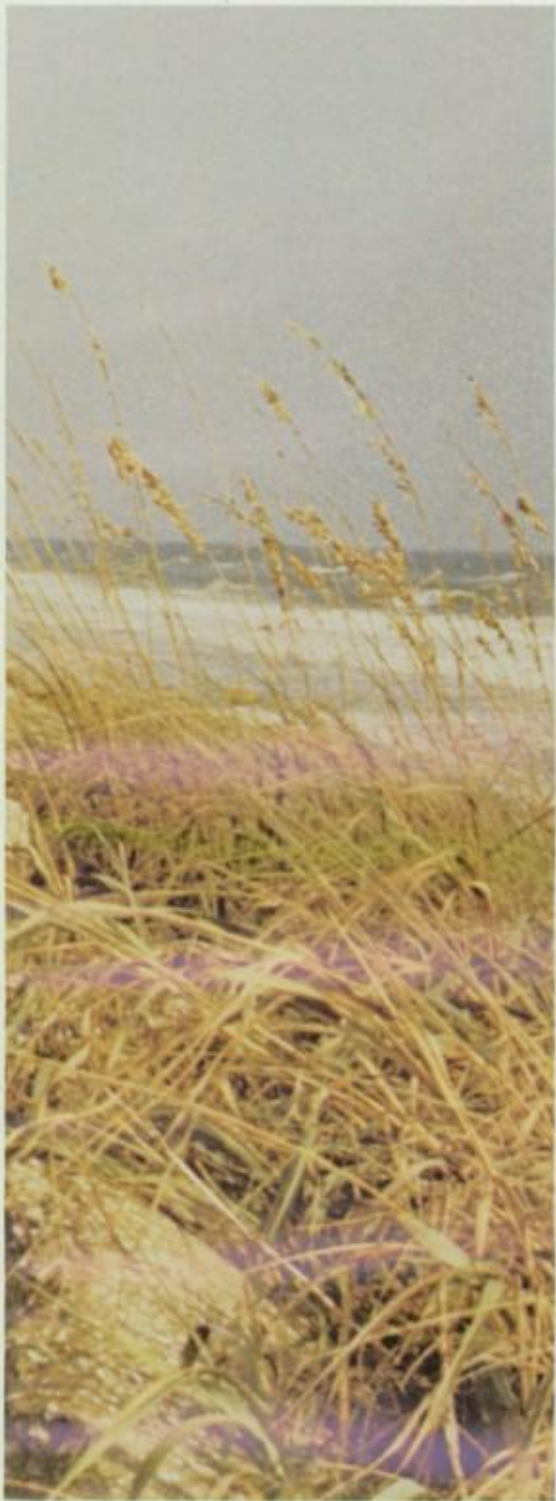

Satellite High School  
Satellite Beach,  
Florida

The images we see from day to day are unique to the tropical environment in which we live.

Teressa:  
 I'm glad you were  
 in at least one of my  
 classes this year. Have fun  
 this summer, keep supporting our  
 team. Kevin

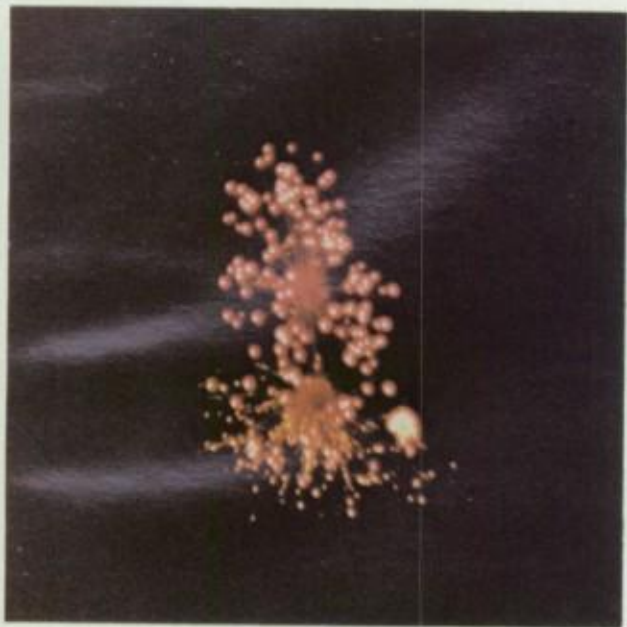

The joy and exhilaration felt as a result of the lifestyles we are able to lead here are reflected on our faces and those of our companions.

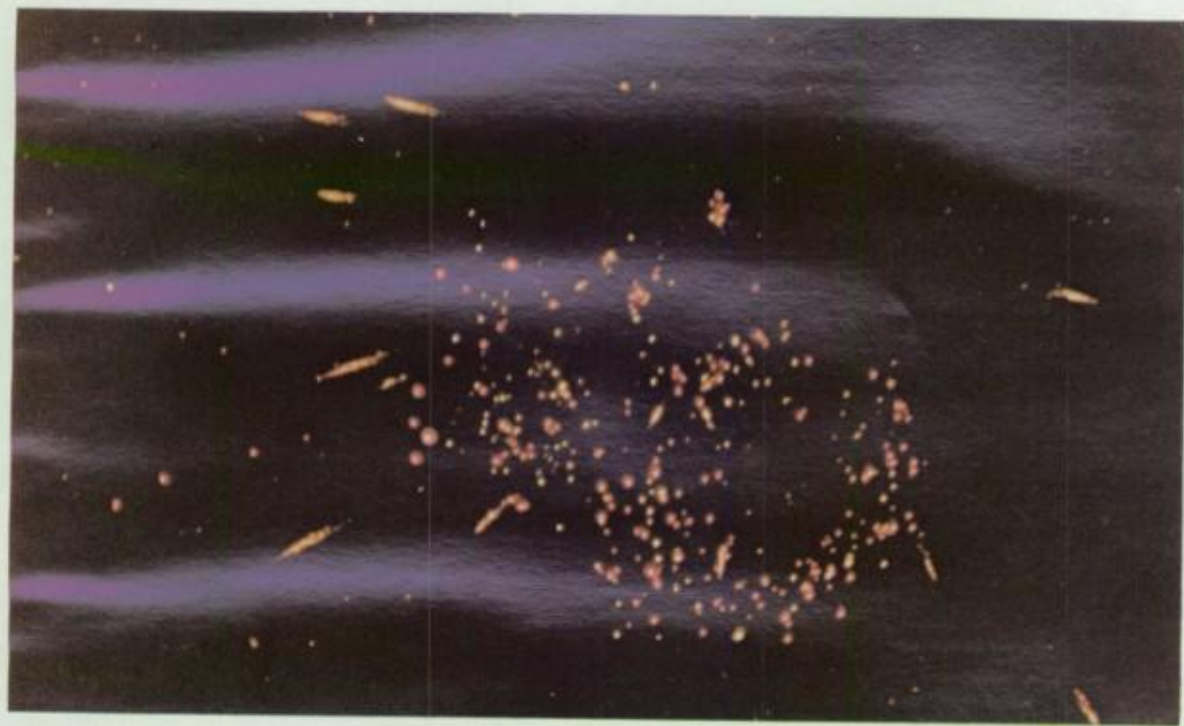

Teresa,

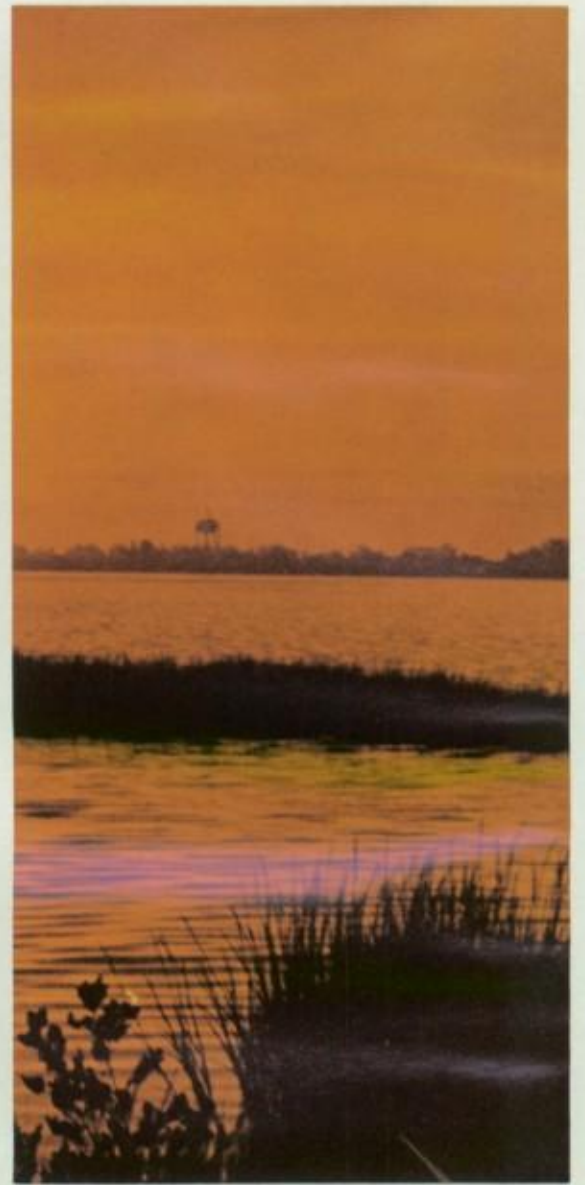

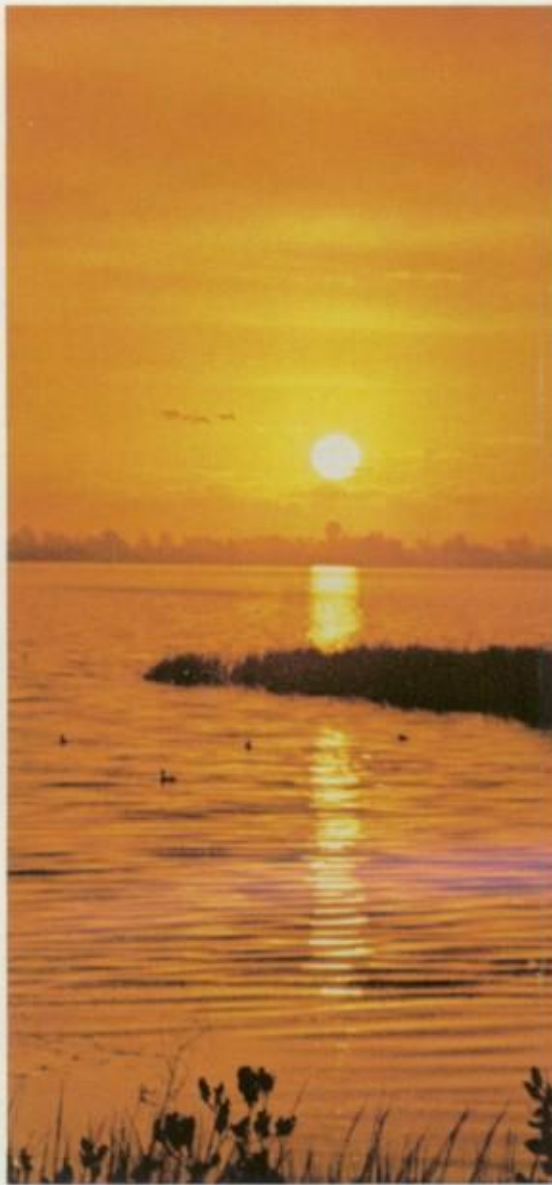

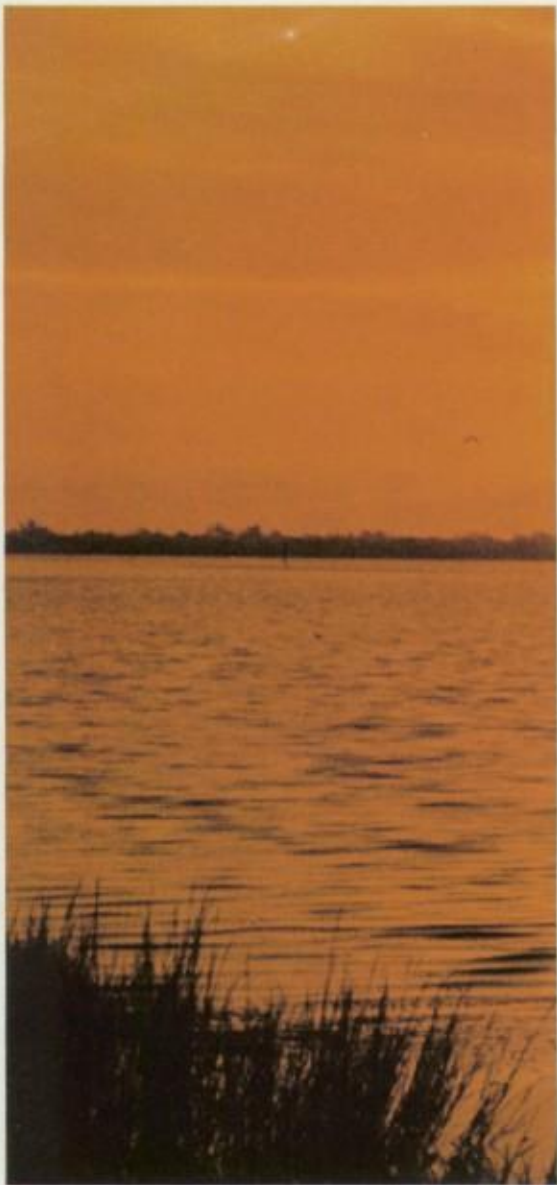

It's about time this year is over! I can't believe it though. Never forget all the crap we got in chorus from "El Boocho" - (haha) but some of it was fun, right? I'm sorry you're leaving - but if

you're happy about it, that's the main thing. Have a good summer and many more good years. Love,  
Class of '81, Connie Brown

The sun is setting on our high school years, but rising to the dawn of the rest of our lives.

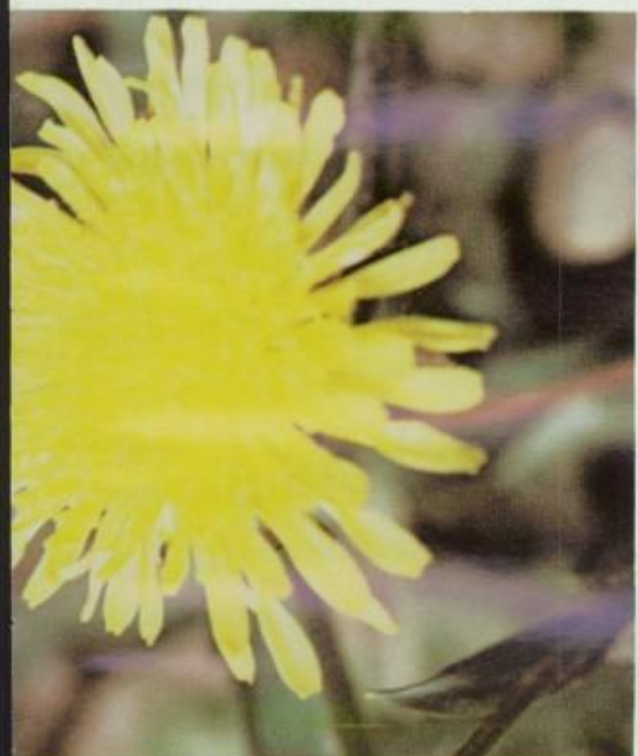

The characteristics of an area such as ours influenced the attitudes, activities and lifestyles of its people as the sky influences the color of the sea.

Here's a look at our environment and the activities we have shared within its walls.

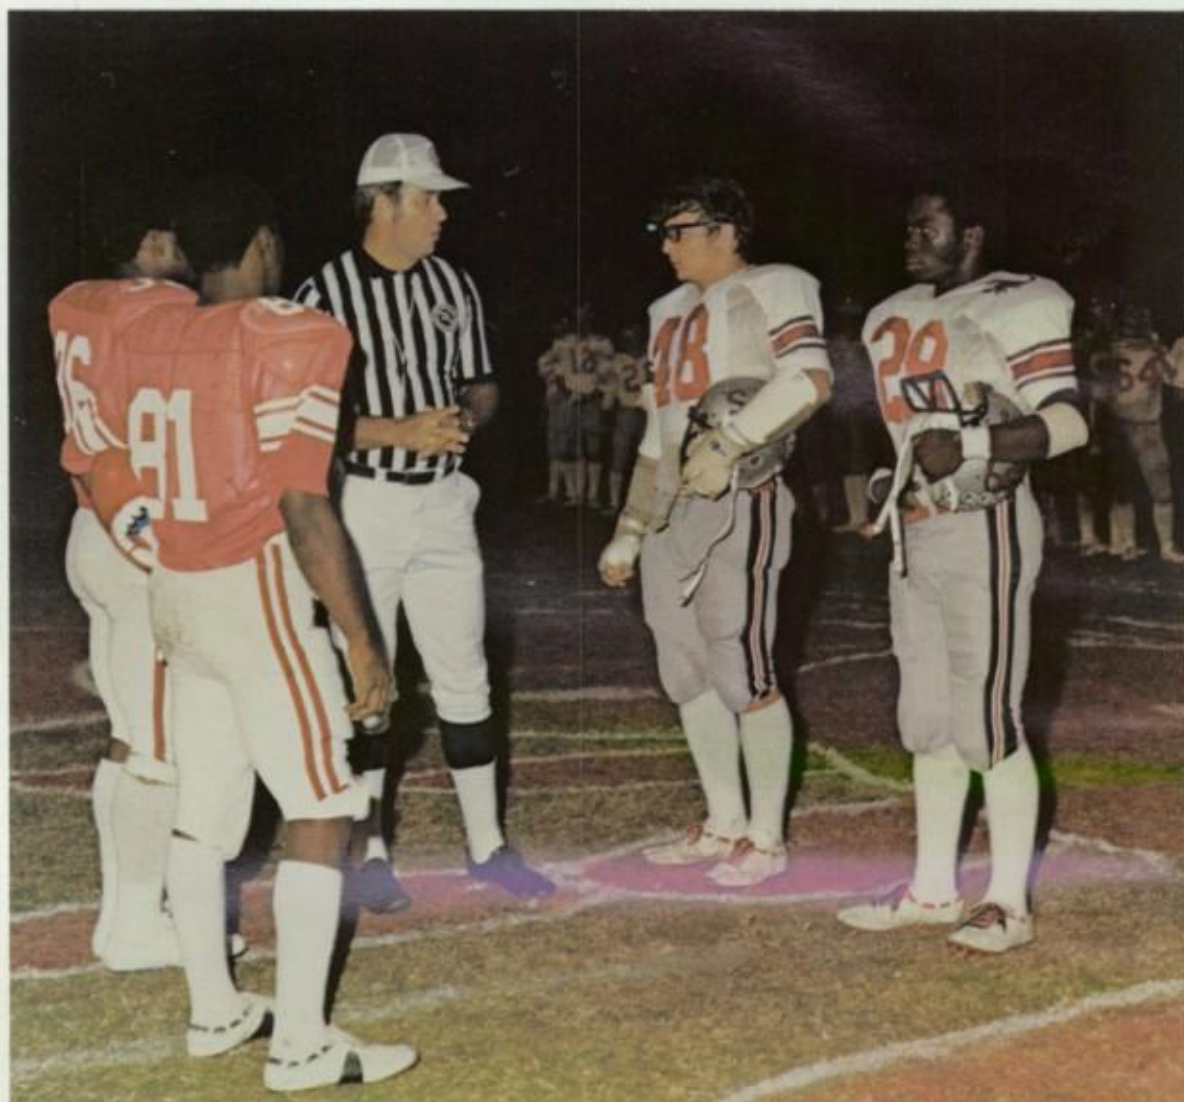

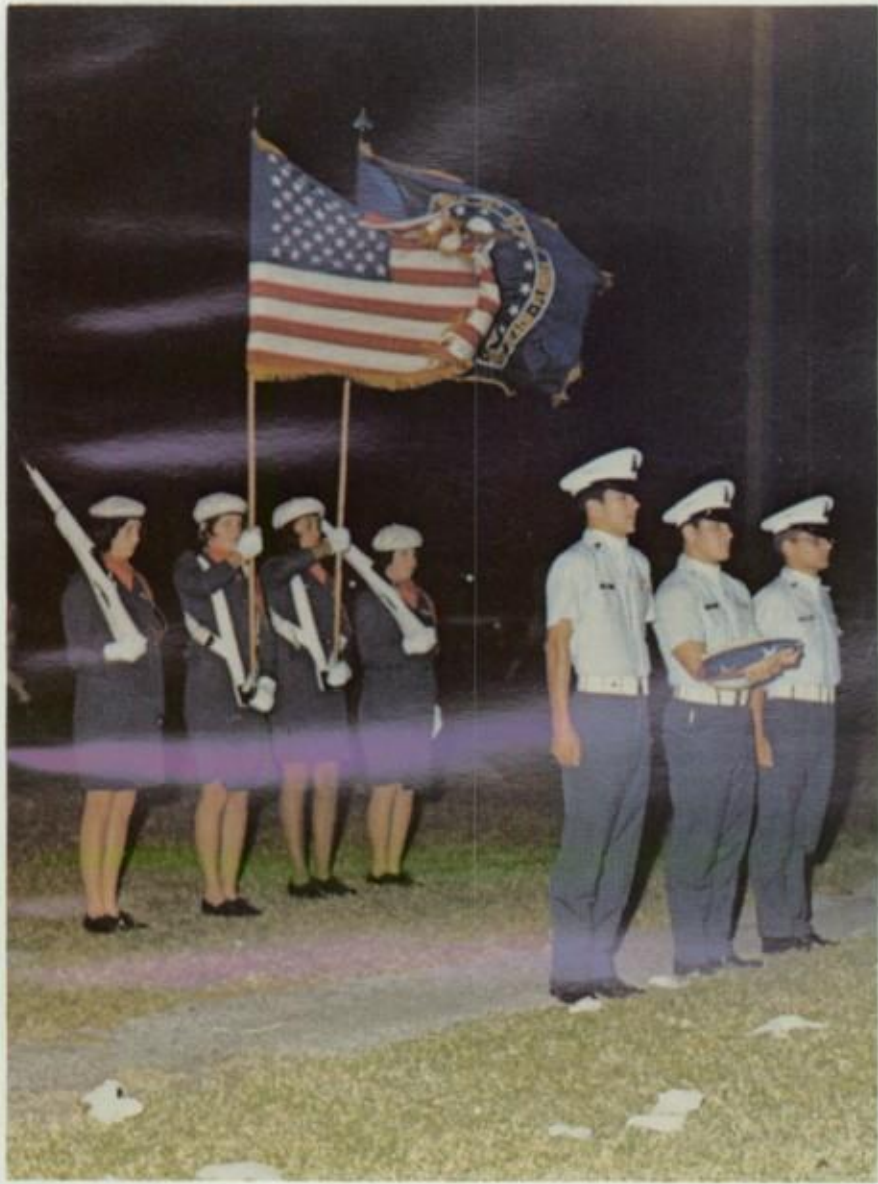

Teamwork, friendship, and comradeship have been a part of our years, leading us to seek higher goals.

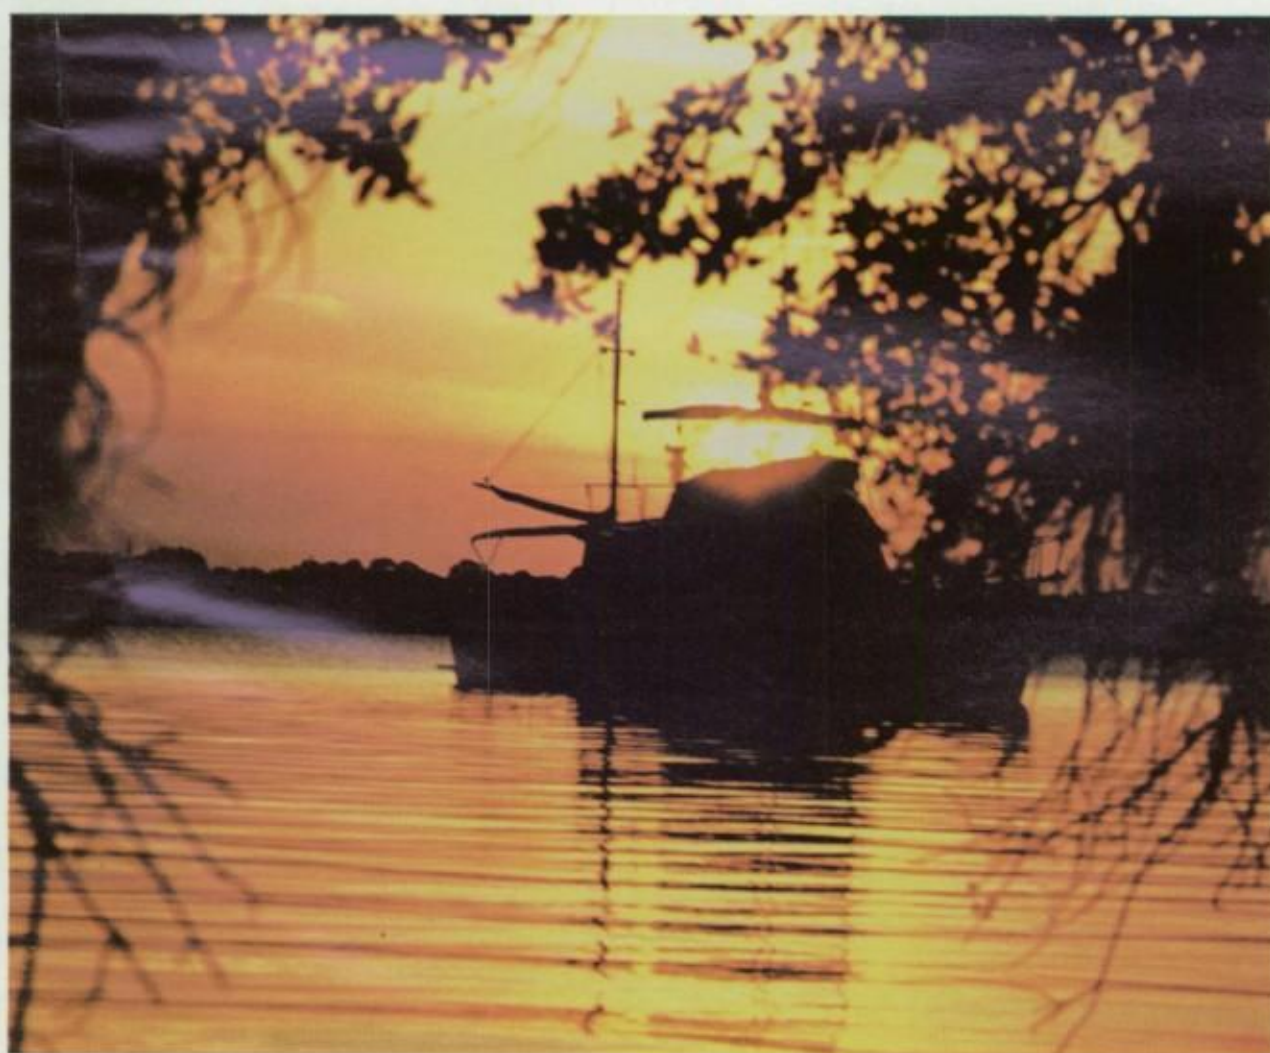

From the brilliant sunrises over the ocean to the magnificently colored sunsets over the river seen through leafy vegetation, these familiar images have affected each of our lives in some way.

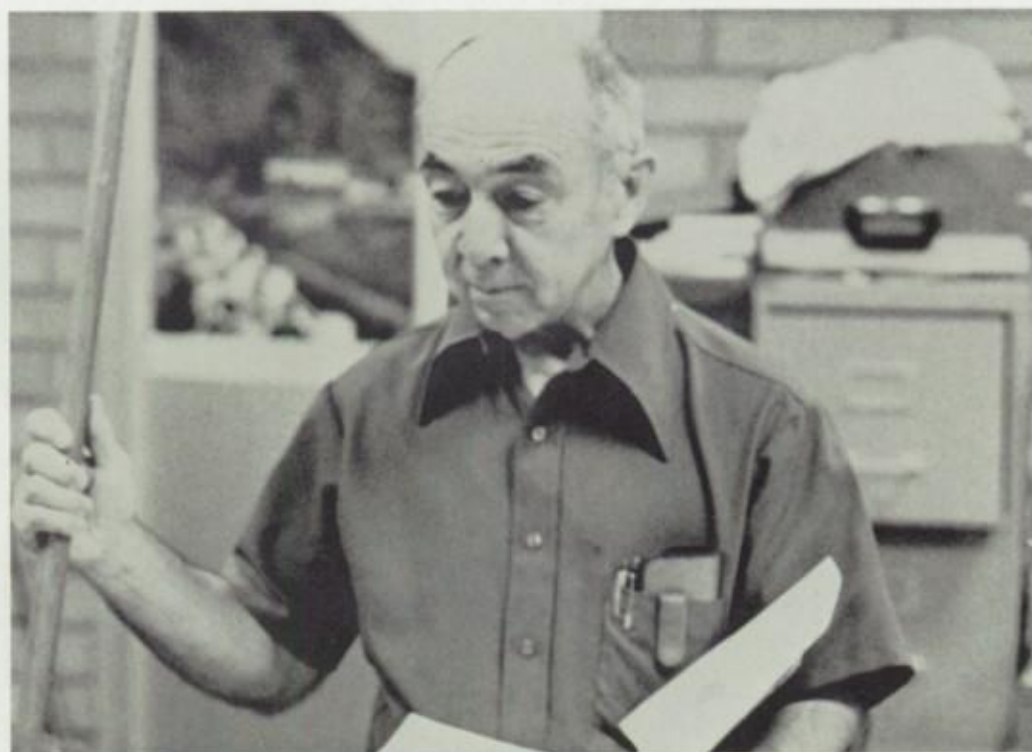

These pages, like pictures in an album, reflect the images we have become so accustomed to in the past years.

# ORGANIZATIONS

## ORGANIZATIONS

The Scorpio Staff is a group of students who work together to design a yearbook in hope that everyone will be pleased. It is a never-ending task, but one which we must never put out of mind. The staff must work with the principal, the teachers, and most importantly, the student body. Each year the Scorpio staff must start anew, a new staff with new ideas and the inevitable, new and old problems.

## TELSTAR

TELSTAR is the school newspaper which informs students of the activities going on at Satellite High School. The featured items, which often cause controversy, are written by the staff, headed by Joe Foy and Sue Szkolnik. This newspaper has quite a variety of articles relevant to today's society. Each year they rate very high at the yearbook and newspaper convention. The past few years they have been rated Number 1. Our school is very fortunate to have such a group of talented and devoted students.

# REFLECTIONS

Reflections is a magazine which is written by students at Satellite High and printed once a year. Even students not on the staff may submit their creative writing or art work to be printed. Works included in this magazine are poetry, short stories, essays, and drawing or sketches.

Members are: Patty Costelloe, Rosemary Costanzo, Janey Janokitis, Camille Knox (editor).

Working together is one of the most important aspects of any publication; here, the staff proves this theory.

## QUILL AND SCROLL

Quill and Scroll is an organization formed as an Honor Society for Journalism students. For these students to be eligible, they must have had two years of journalism experience and have at least a 3.0 grade average. Every year an induction banquet is held for the new members.

Student Government is one of the most important organizations in any school. They deal with all the happenings throughout our school. Through them, we can control and aid many important decisions that pertain to our every day school-life. There are four divisions of our student council: the Inner Club Commission, the House of Representatives, the Senate, and the Executive Board. The I.C.C. sets up the calendar of happenings for our school year. The House of Representatives gives us the chance to voice our point of view through our homeroom representative. The senate sets up many important events: the Homecoming Dance and also the Prom. The Executive Board is made up of the Student Council officers, the class officers, and the chairman of the Senate and the House. Their function is to meet and discuss the various activities of each division. Thus, the Student Council is involved in almost all of the activities of our school.

The Ten Tones are a group of specially selected students who are chosen from the regular chorus. The Choraliers and Concert Choir perform at various community functions.

If you like singing, you can join any of these three: Ten Tones, Choraliers, or even the Concert Choir.

## A.F.S.

Norway, Germany, and Australia, are just a few of the countries which the United States exchanges students. This is an excellent opportunity for students to learn and compare different opinions and customs. The American Field Service, or A.F.S., brings people of different countries together to form a better understanding of each other's life styles. This year Satellite's A.F.S. club sponsored Sven Hallheden from Sweden. For his stay in the U.S., he is living with the Amerson family. Each year Satellite hosts an assembly for A.F.S. exchange students throughout Florida to allow our students to learn about different people from different countries.

Members of A.F.S. are as follows: Top row: Kathy Van Arsdall, Gail Atkinson, June Osterling, Donna Borkenhagen, Michelle Golloff, Holly Harper. Middle row: Chuck Amerson, Anne Gagnon, Mary Sadlowsky, Catherina Dubbleday, Mary Castello, Wendy Evans, Sven Hallheden. Bottom row: Pat Leshner, Lori Weaver, Debbie Aubore. ## KEY CLUB

The Key Club is the school's leading service organization. In the past years the Key Club and the Keyettes were separate clubs; this year, however, they are combined to make one bigger and better club.

This year's goals have been to improve the school and community and to follow the international theme, "Respond to society needs." Some of the bigger projects this year include a camp out for Muscular Dystrophy Save-A-Life and the Rejuvenation of Camp Newton Field.

All these important projects help make the Key Club one of Satellite's most outstanding clubs.

They sponsored a dance, and the Christmas party which all foreign language classes attended. German Club members went to the International Banquet that all language clubs participated in.

To contribute in raising the spirit at Satellite High School and to join in the fun of the 1978-79 Homecoming Parade, they had a float to the theme of Hogan's Heroes. It represented both the German Club and the theme of the parade "Scorps in Hollywood".

## Scorps Split With State Ranked Powers

Satellite's opening game was a blowout by one of the top teams in the state, Palm Bay. Ron Merrix ran for 120 yards and a touchdown. Palm Bay's strong passing offense was not needed as their running game blew away Satellite's defense in a game where Satellite could do nothing right. Palm Bay 35 — Satellite 12.

Looking for a way to make up for last week's loss against Palm Bay, Satellite came up with the biggest upset of the year, a 21-20 win over Astronaut War Eagles. The offense released their fury against Astronaut with Ron Merrix rushing for 110 yards and one touchdown, and Leonard Walker rushing for the second touchdown, while Tommy Boyle passed for still another touchdown to Butch Birchfield. The Scorps coming back from last week's fiasco halved Astronauts offense. The secondary, led by Charlie Good-nough's interception, took away the threat of Astronaut's passing offense, while the rest of the defense was led by Scott Schroeder and Ron Rienhart.

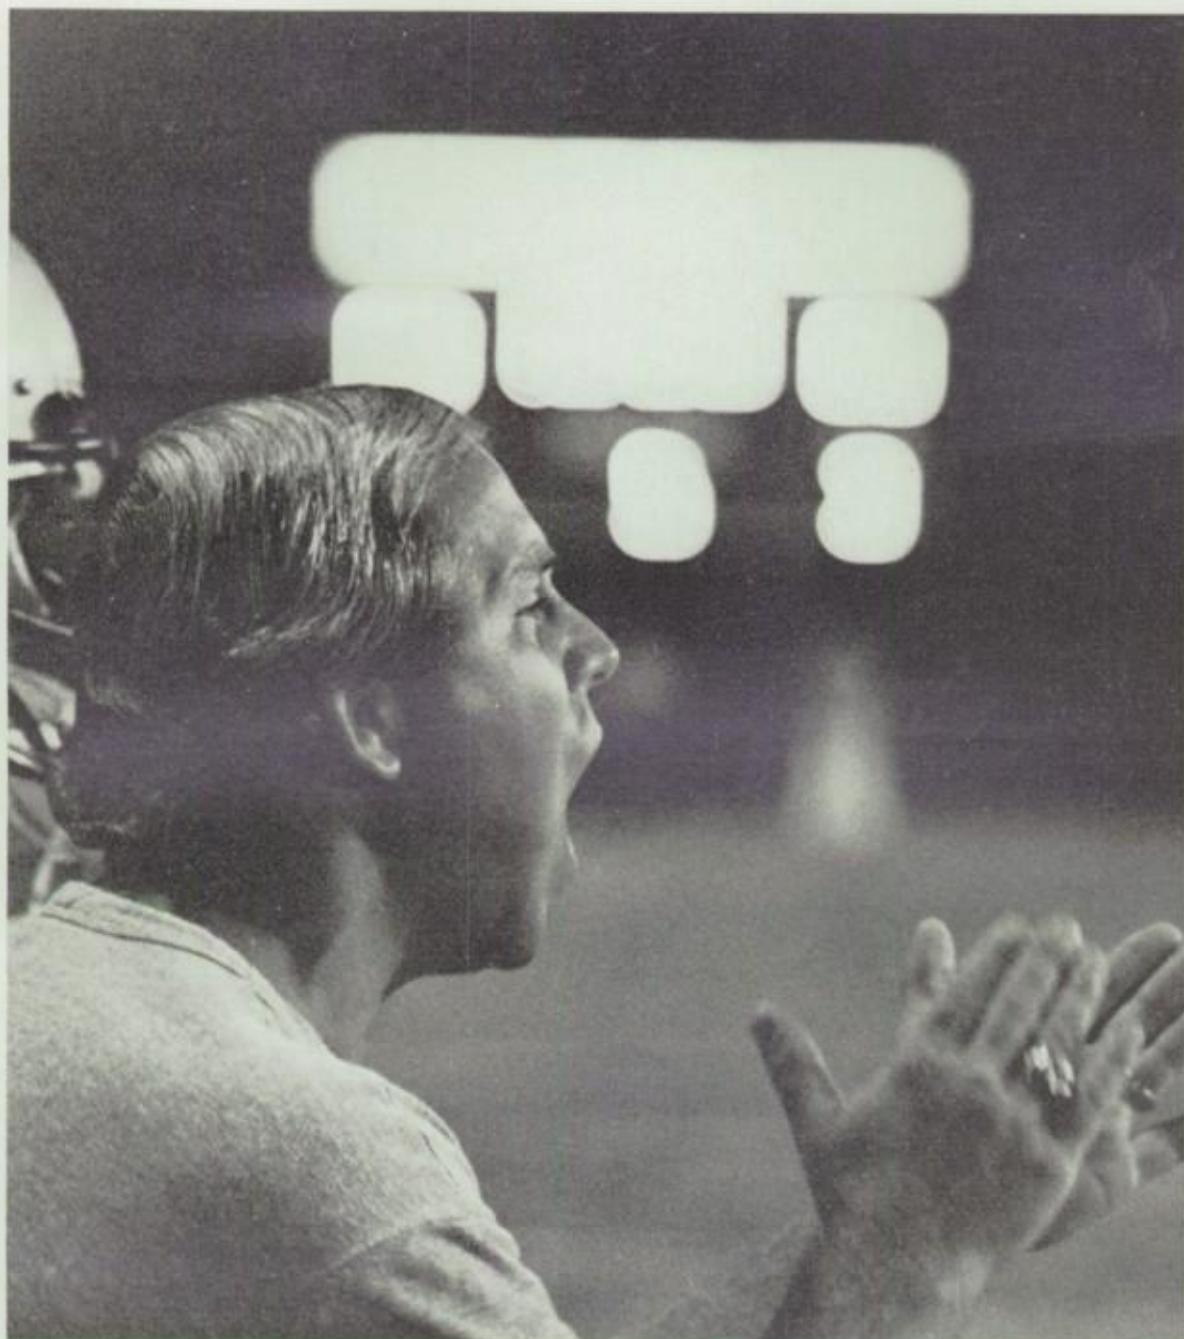

## 4A Hopes Shot Down Early

Next Satellite played their old nemesis Merritt Island, whom they have not beaten since 1970. After last week's game with Astronaut, the Scorps came into this game with an emotional high, but unfortunately that's all they came into the game with. The defense was outmanned and outclassed by the larger Merritt Island. The Mustangs passed at will, ran at will, and scored at will, in this, another Mustang 4A championship. Although the offense performed admirably, they put only 6 points on the board which is as much as Satellite has scored in 5 years against Merritt Island. Foiled again! Merritt Island 18 — Satellite 6.

## *Scorps Continue Ups and Downs*

Satellite played their cross town rivals next in Melbourne. The Scorps totally man-handled the Bulldogs in a brilliant offensive and defensive exhibition. The Scorps put together a strong offense led by Ron Merrix, and were unstoppable the whole game. The defense stopped any attempt of the bulldogs to score, and was the dominate force in the game. The Scorps destroy Mel High.

The Scorps then traveled to Lake Worth to play the strong state-ranked Trojan ball team. The Scorps drew the first blood and it looked like they would dominate the game; but bad plays and poor pass defense killed any hopes of winning for the Scorps. The Lake Worth Trojans take advantage of the Scorps' mistakes 21-7.

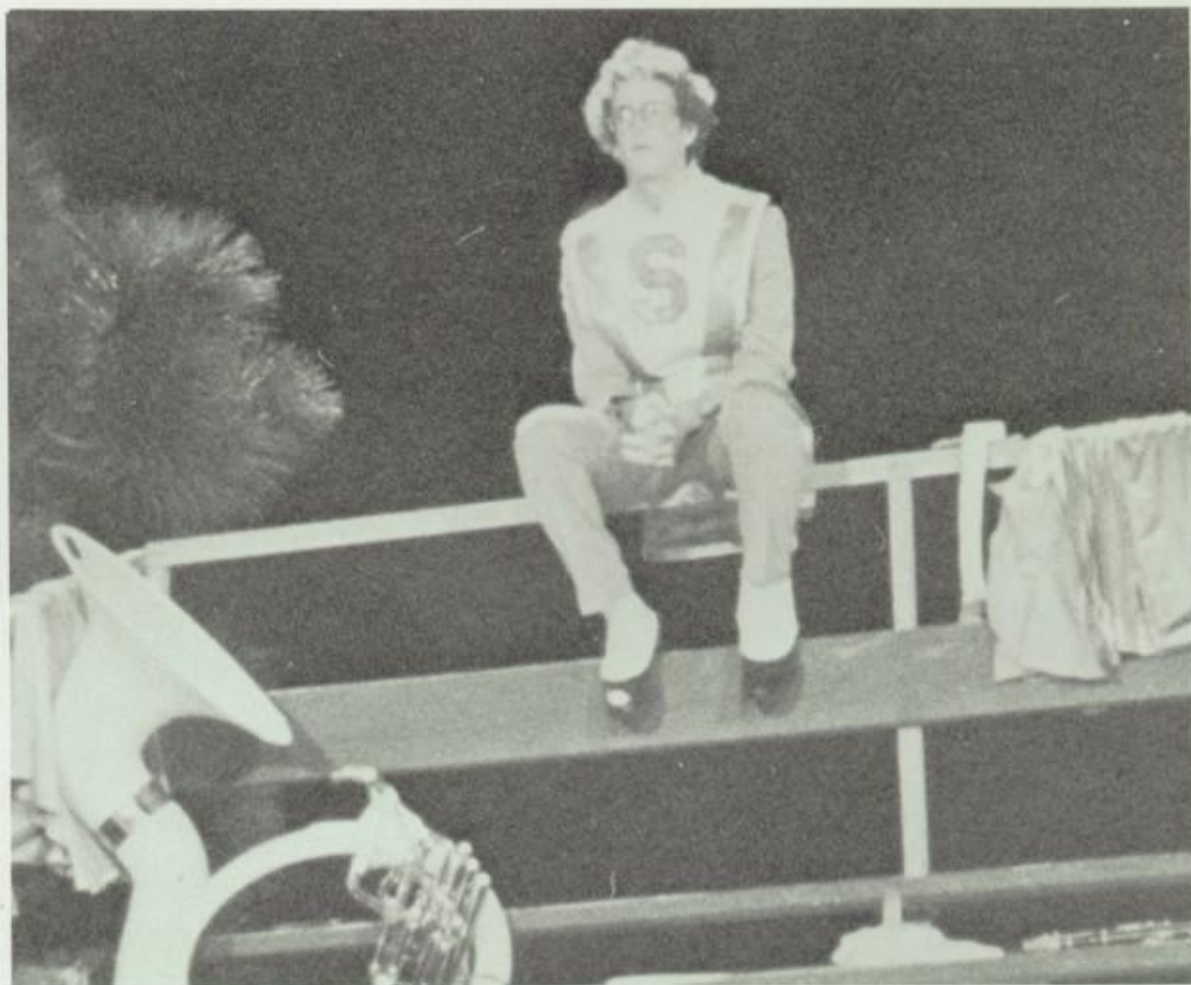

# Scorps Win Last 3 to Finish 5-5

Midseason, Satellite played Frog Bowl 2 against Eau Gallie though Satellite would not repeat last year's performance against Eau Gallie, poor defensive and offensive plays hurt the Scorps' game. Eau Gallie put the icing on the cake with a two point conversion at the end of the game with only seconds remaining. The Eau Gallie Commodores won the Frog Bowl II 8-7.

The Scorps took on a tough Orlando Colonial in a pier-six brawl for the sixth game of the year. Orlando managed to come out on top of this topsy-turvy game through a strong running offense, which the Scorps seemed unable to stop. Although the Scorps' offense was scoring, it was not enough as Colonial beat the Scorps.

## Merrix Breaks 1,000 yd. Barrier As Scorps Finish Strong

Then the Scorps traveled to state ranked Vero Beach to play the Indians. The Scorps mowhawked the Indians with a devastating running and passing attack, and the defense shut down any attempt of the Indians to put together a decent drive. Scorps 21 — Vero 6.

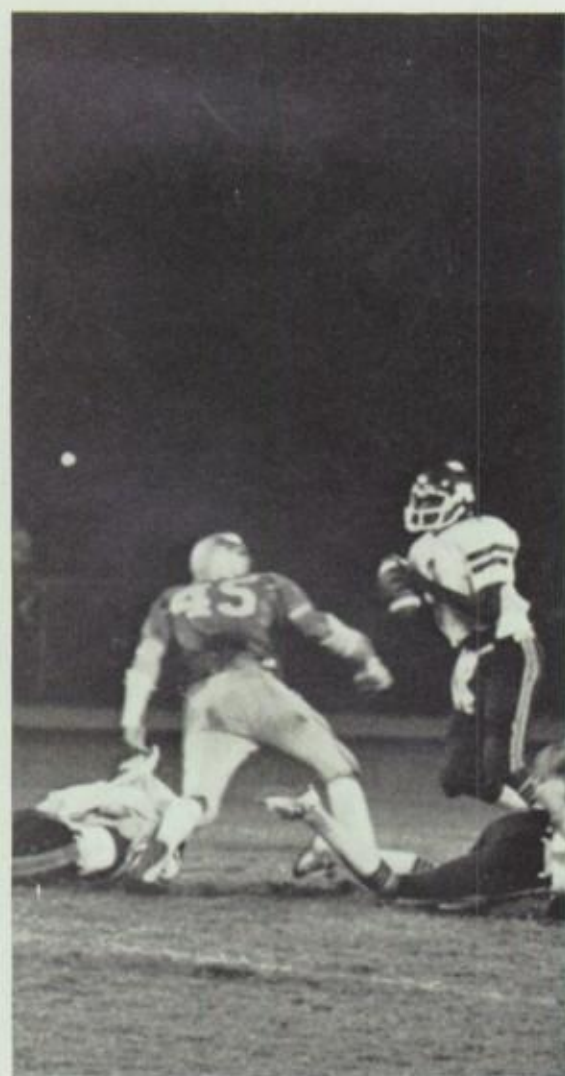

Then the Scorps came home to play their Homecoming game against Jacksonville-Jackson. Jackson drew first blood with an amazing 47 yard field goal. The Scorps came back, with Ron Merrix leading the way, scoring the only touch down, and breaking the 1,000 yard barrier. Satellite 7 — Jackson 3.

The Scorps took on Orlando Evans for the last game of the year, and it seemed like the Scorps completely dominated the Evans ball team. The defense, led by Charlie Goodnough's interceptions, crushed Orlando's offense. The Scorps took the offense apart and

Orlando's defense with strong passing and rushing attacks. The Scorps crushed Orlando Evans 18-6.

# JV Scorps Are Good Prospects

Burke, Rudy Fredrico, Patrick Zajac, Dan Ledbetter, Chris Posterino, Glenn Cadle, Ken Bookhardt, Duane Trotti, Francis Ruskowitz.

The J.V. Scorps showed great potential this year with players like Del Walker and Dee Merrix. The Scorps, though they lost some, should not have beat teams like number one ranked, previously undefeated Astronaut, and a tough Merrit Island team. The J.V. Scorps ended their season on a 5-2 count.

## *Scorps Split First Four While Tournament Hopes Die*

The Satellite Scorpions were hurt by inconsistent defense but managed to work a split with the first four games, and ended 3-2 after 5. They played State ranked Astronaut first, and played them 3 quarters of tough Basketball but came out on the short end of a 59-49 score.

The Scorps then won impressively over Cocoa Beach 57-44 before getting blown out by Vero Beach. Satellite bounced back to win the next two Palm Bay, and Melbourne. Then they lost four straight in two Christmas tournament Oviedo and Melbourne to lower their record to 3-6.

## SCORPS CONFERENCE RECORD 8-5

Rockledge was the Scorp Cager's next foe. The host Raiders went out to a 13 point lead, but the Scorps pulled it back to take the lead under Bob Jones and Pete McCarthy. In the last nine seconds, Raider Lorenzo Dennard hit from nine feet to give the Raiders the win.

Satellite then won their next two games against Titusville and Merrit Island. Consistent play from Mike Nile, Pete McCarthy, and great performance from Jones again helped the Scorps.

The Cagers then lost two out of the next three, those coming to state ranked powers Cocoa and Astronaut and the win, against Eau Gallie.

The Scorps played poorly against Cocoa Beach but were still victorious, then went on to play exceptionally well against Palm Bay, winning 52-49 and up their record to 8-9 in the Space Coast and 8-5 in the CCC.

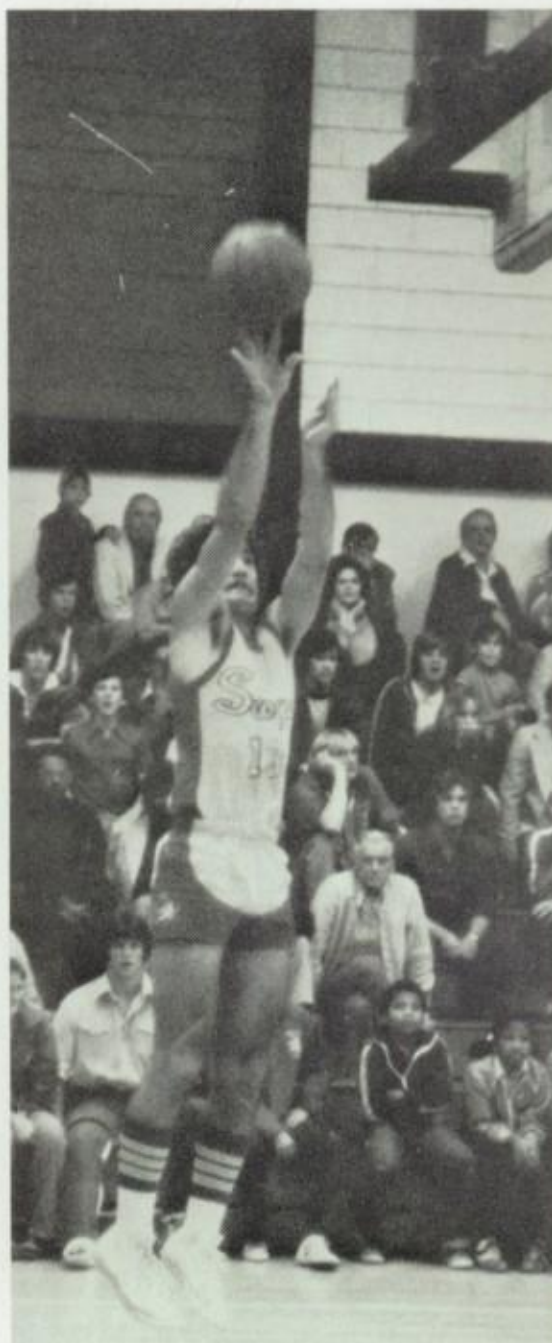

## Cagers End Season 12-12

The Scorps finally started to play well in preparation for the upcoming District tournament. Great play from Bob Jones, Tom Martling, Pete McCarthy and the rest of the team helped things start falling together.

The Scorps record fell to 8-10 after a disappointing 1 point loss at home to Melbourne. They came back to even their record at 10-10 after 2 impressive wins, over Vero Beach and Rockledge, without the help of the Conference's 3rd leading scorer Bob Jones.

The Scorps then experienced ups and downs losing to Titusville and Cocoa while evening their record to 12-12, by the end of the season.

## District Champs

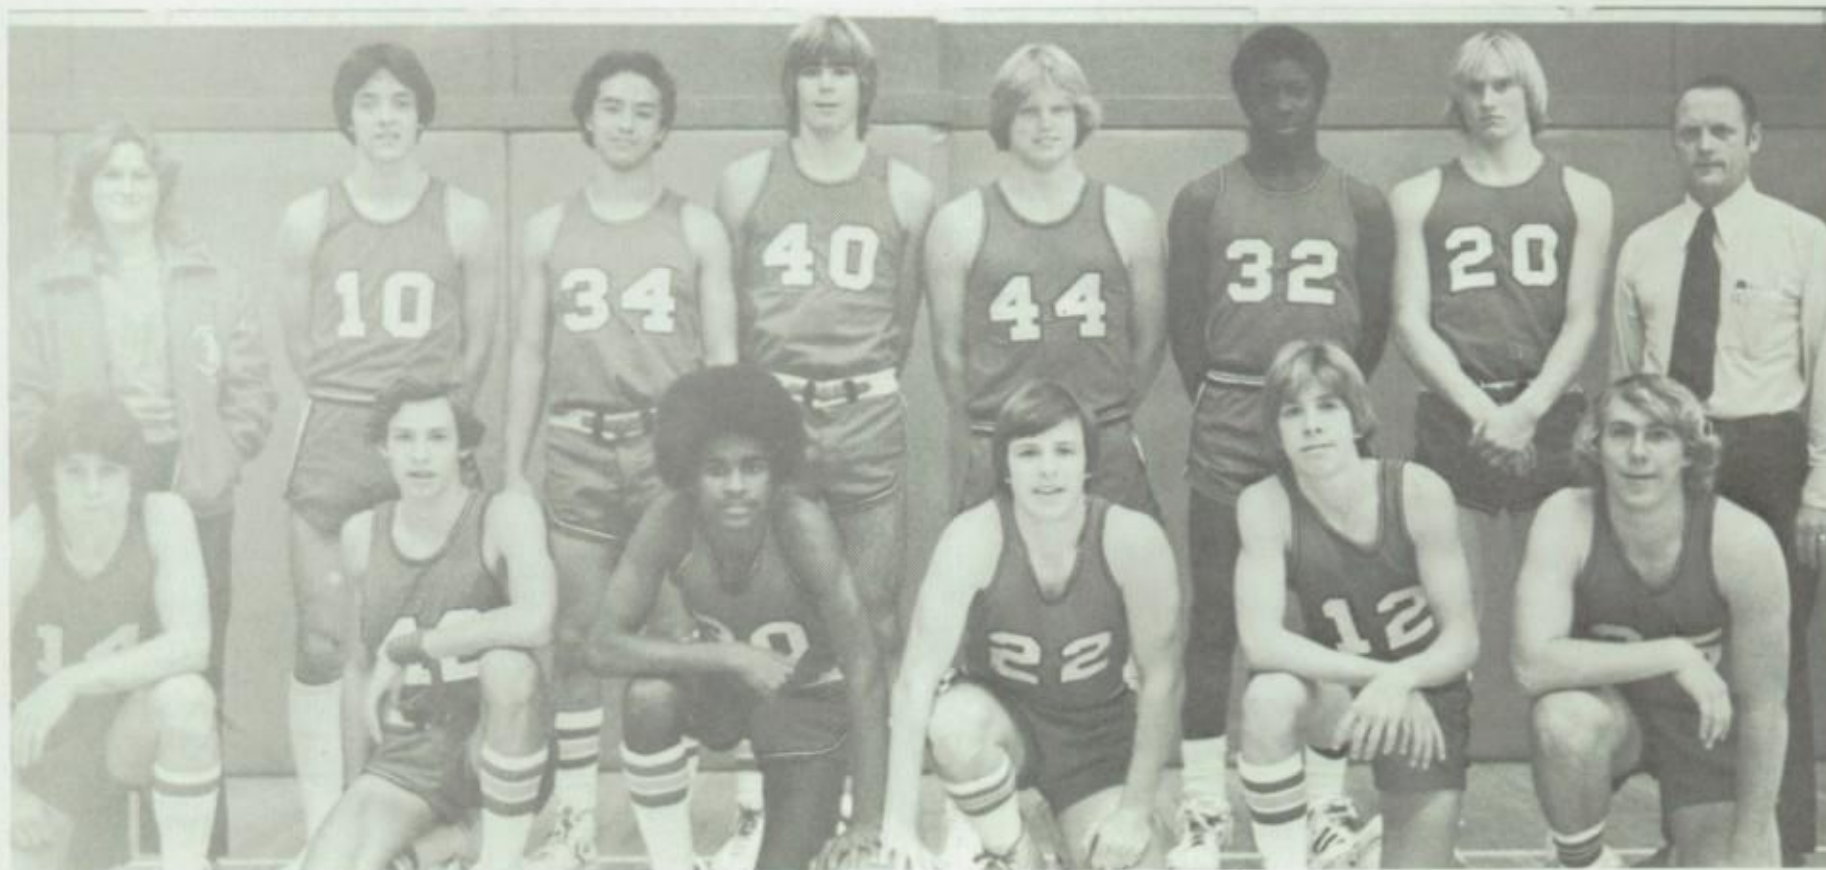

The Satellite Scorps brought home the first District Championship in the history of the school and they also achieved second place in the Regionals.

The Scorps performed well in the district tournament by beating Melbourne and Vero Beach.

In the Vero Beach game, Bob Jones led all scores with an impressive 22 points. The Scorps got blown out in regionals by the larger, faster Daytona Mainland, but that was the farthest any Satellite team has gone in school history.

## *J.V. Scorps*

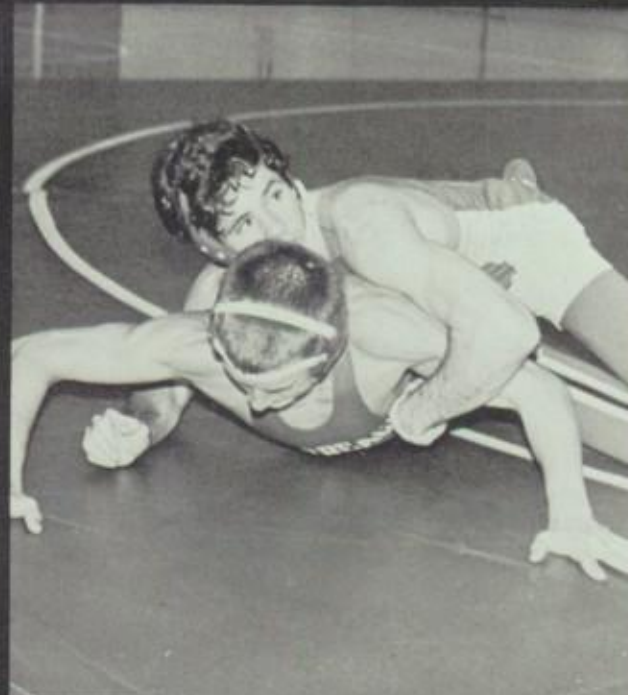

Back row: Jim Parham, Reggie Ross, Mike Muner, David Hubbar, Dedrick Merrix, Pete Nason. Front row: Mike Smith, Peppe Vecchio, Alfonzo Culbreth, Greg Eller, Bill Horak, Chris Brooks.

The J.V. Scorps Basketball began the new year with promising new upstarts and a promising new coach. The coach seemed to help the team, because the team turned in a good personal record. The J.V. will be able to replace the seniors who are leaving this year; we're looking forward to more promising basketball out of this well-founded J.V. team.

## Wrestlers Promising

Wrestling started off a promising year by beating Melbourne and although the absence of a 100 pounder hurt, the Scorps remained undaunted and eased their way through Vero Beach, Ed White, and Cocoa Beach. The Scorps tied a tough team from Martin County in a match that the super heavy weights had to win for the Scorps. But the Scorps bounced back behind the wrestling of unbeaten wrestlers Dave Stanley, Charlie Goodnough, and Greg Kolasky and crunched their next opponent, Westwood.

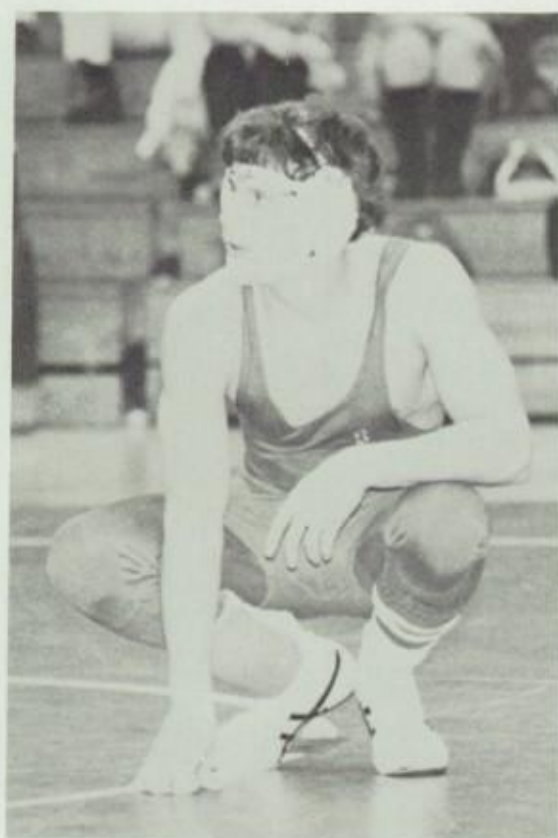

## *Scorps Fare Well In District*

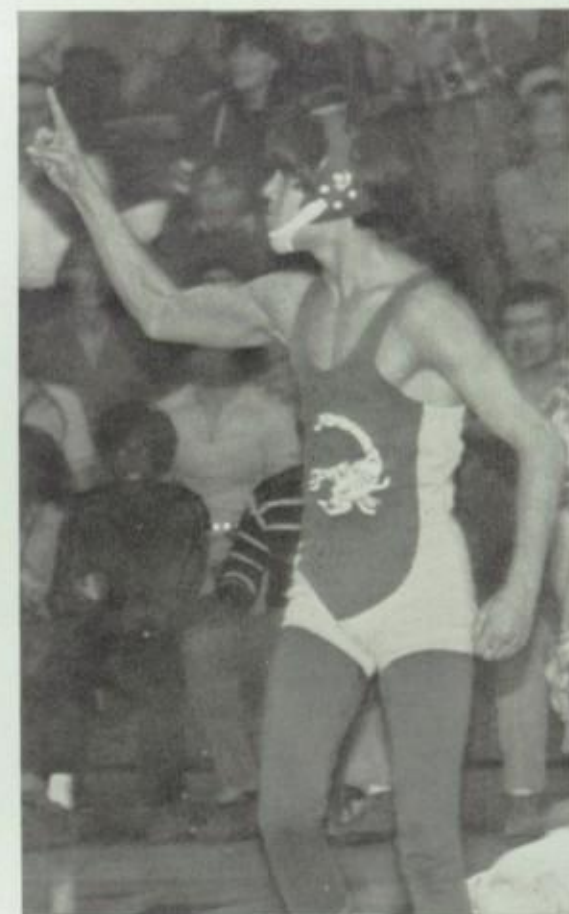

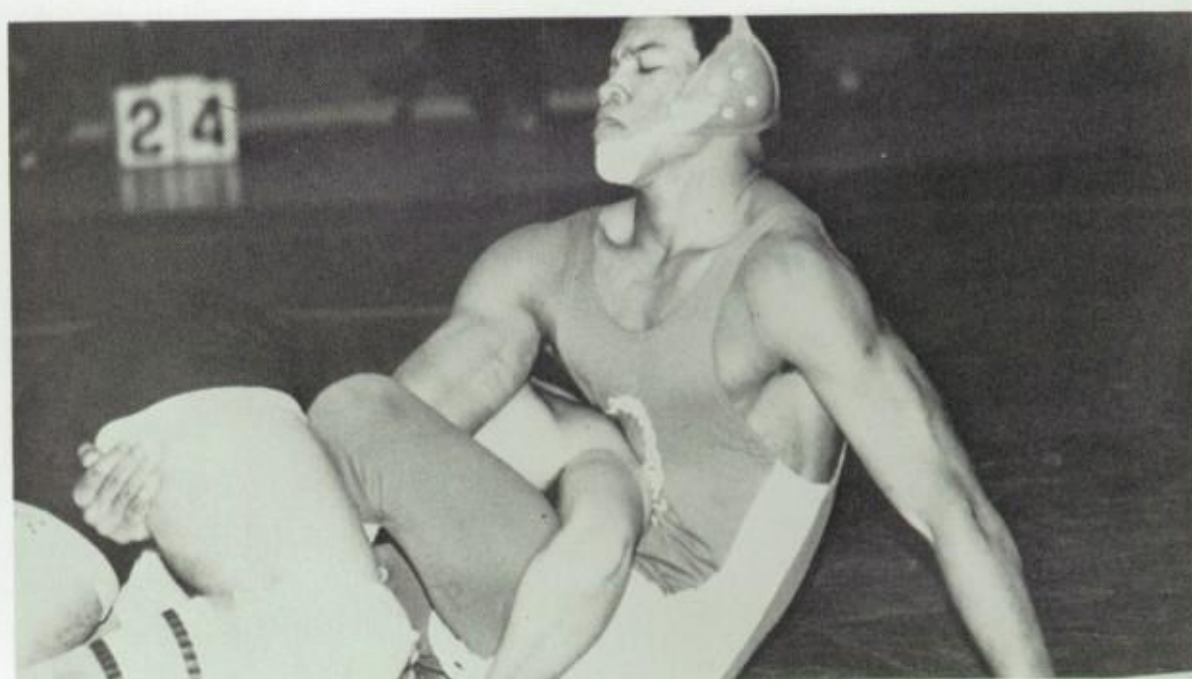

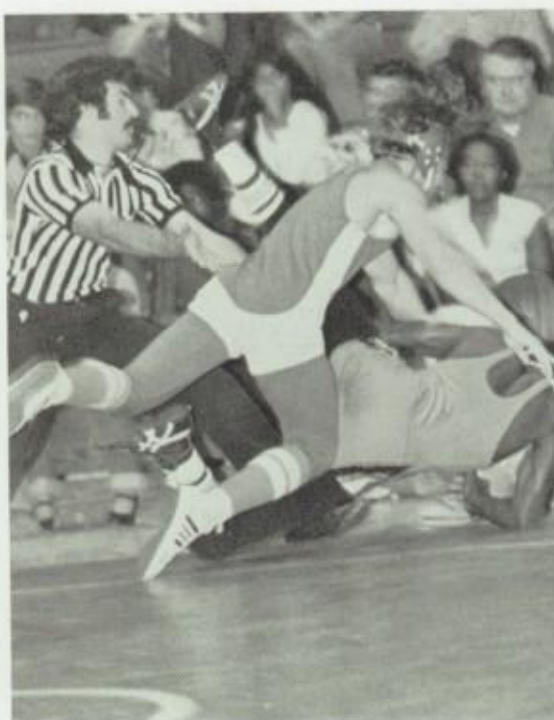

The Scorps then held the District match in their gym, breezing through the tournament crushing any opponent in their way. The Scorps had six individual champs Dave Stanley, Bruce Sparks, Tom Monaghan, Charlie Goodnough, Tony Maxey and Dave Dixon. They also sent all 13 wrestlers to regional competition. The Scorps then went on to regionals where Charlie Goodnough won 3rd place and reserved a spot for himself at the state tournament.

## Scorps End 12-3

The Scorps came back from their Christmas break ready for action, quickly demoralizing the Eaughallie Commodores, but then the Scorps lost a heart stopper to the Mustangs on the last match of the night. The Scorps bounced back, though, plowing over Titusville and beating the top-ranked Rockledge team. The Scorps rated to do well in the C.C.C. match and came out of the match with individual champ Charlie Goodnough and 2nd place Dave Stanley. Next the Scorps defeated the tough 2nd place C.C.C. team Astronaut, and lost to the Regional champs Lyman High. The Scorps then took on Cocoa to decide the C.C.C. championship. The Scorps led after wins by Dave Stanley and Mike Rubin but were never really ahead after that. The Scorps, in the last match of the season, breezed by Lake Howell, ending the winning season with a great record of 12-3.

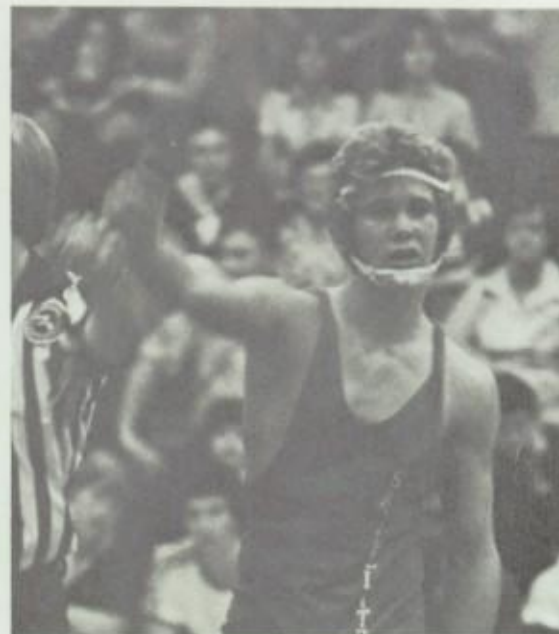

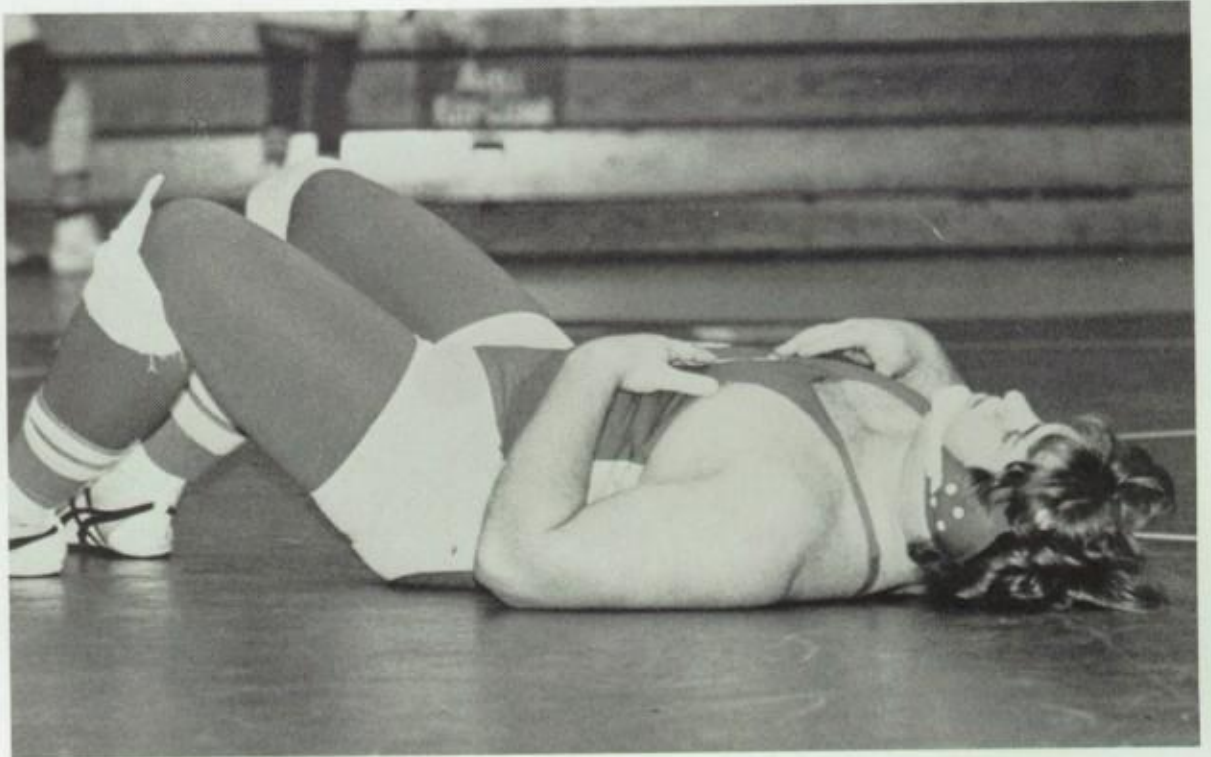

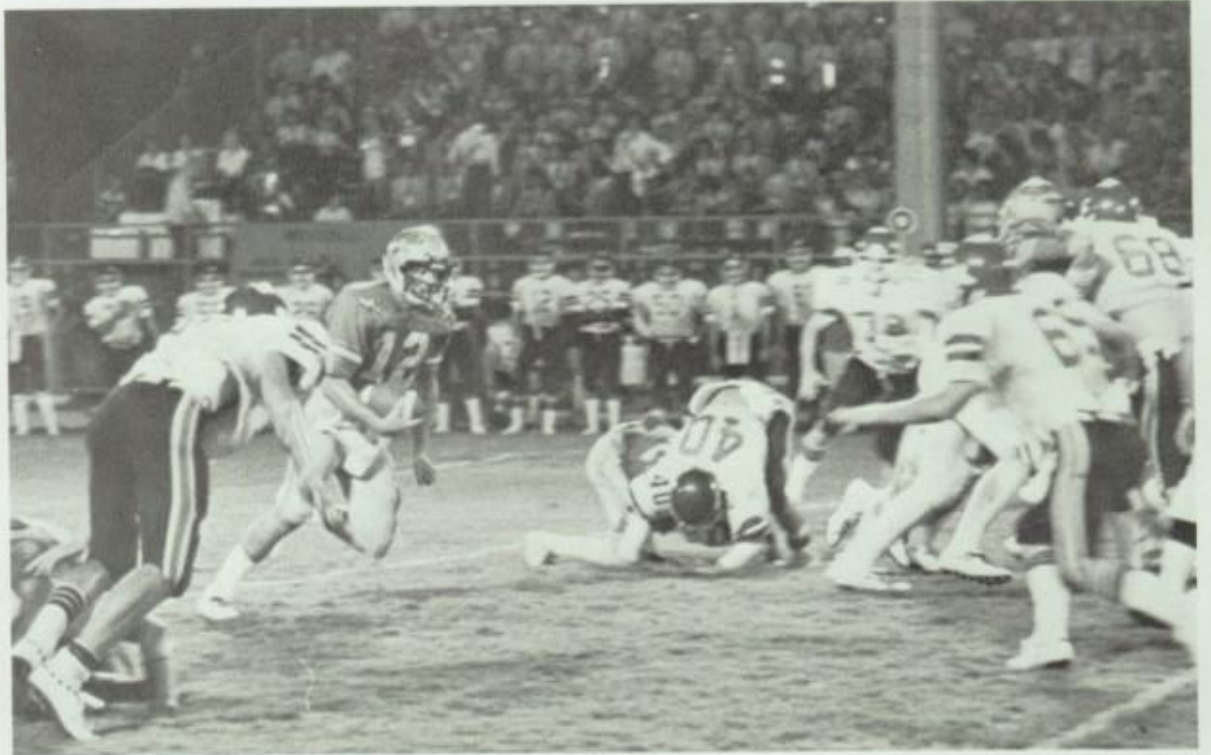

J.V. Wrestling was nothing less than excellent this season, wrestling to an undefeated 5-0. They simply overpowered everybody in the Space Coast and in the non-conference matches also. This team shows Satellite will continue it's wrestling dynasty.

## Girls' Basketball Excellent

The Girls' Basketball team started off a fantastic year under the direction of Coach Ballard. The girls, led by Lisa Nawrocki, Karen Lovaglio, and Diane Hayes were awesome as they rode rab-bid over the C.C.C. But injuries hurt them as in previous years. They still managed to grab a second place in District.

## ***Softball: Looks Strong***

This year's softball team after losing many starters last year, starts off this year with many surprises. The team does have a few good returners: Diane Hayes, Lisa Nawroki, a powerful hitter, and Carol Gentile, a good pitcher. The team, coached by Curt Kyvit, follows up a fantastic year in the C.C.C. last year. The girls, behind powerful hitting and good pitching, playing a tough schedule should have another fine year.

## District Champs!

This is team made history this year. Girls Varsity Volleyball became the first girls' sport to win a District Championship in Satellite's history. This was accomplished by fine play by the whole team and excellent individual efforts by Cathy Cooley, Carol Gentile and Linda Dryer in the District tournament. The underdog Scorp came from behind in the final game on the arm of Cathy Cooley who served a phenomenal 9 straight points.

Following the lead of top swimmers such as Brian Clew, John Pavik, and John Eliason the boy swimmers are a good bet for county champions.

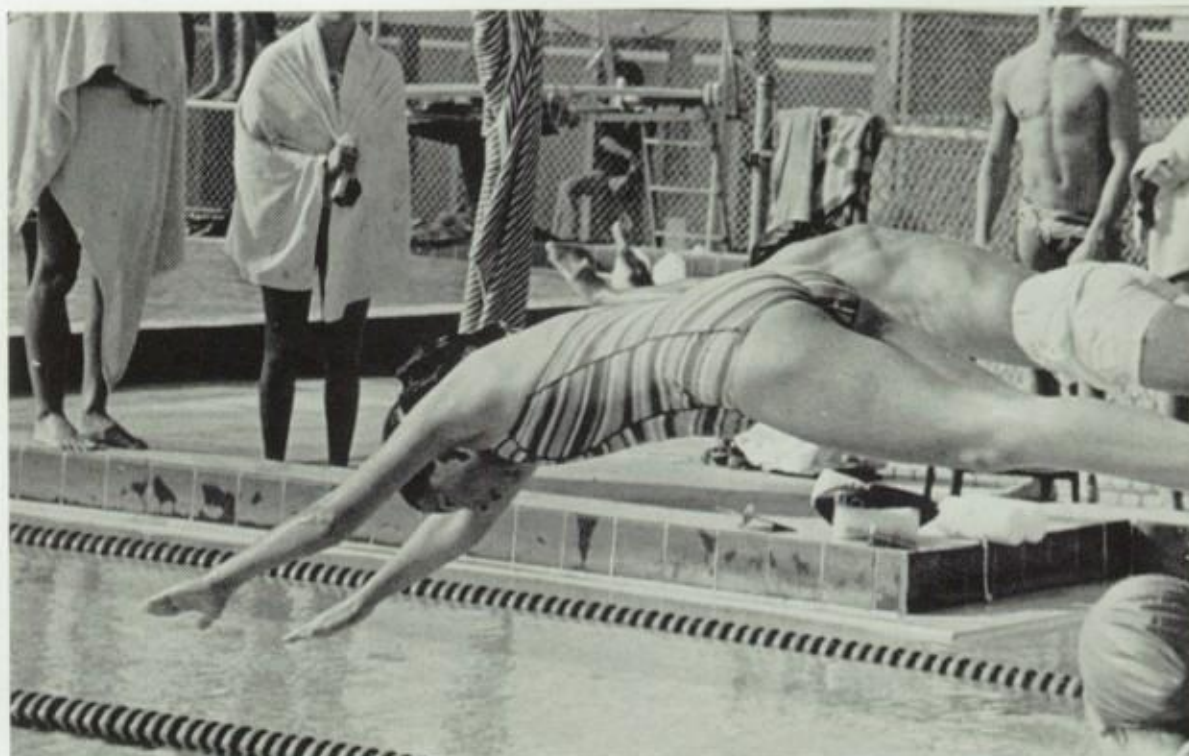

## Female Tanker

The Girls Swim Team, after losing members such as last year's winning Denaberg sisters and others, will have a tough road ahead of them. The girls, led by Karen Germond, Mary Pratt, and Amy Grass, after hard practices, should end up one of the top teams in the county. ## STUDENT LIFE

# HOMECOMING '79 . . .

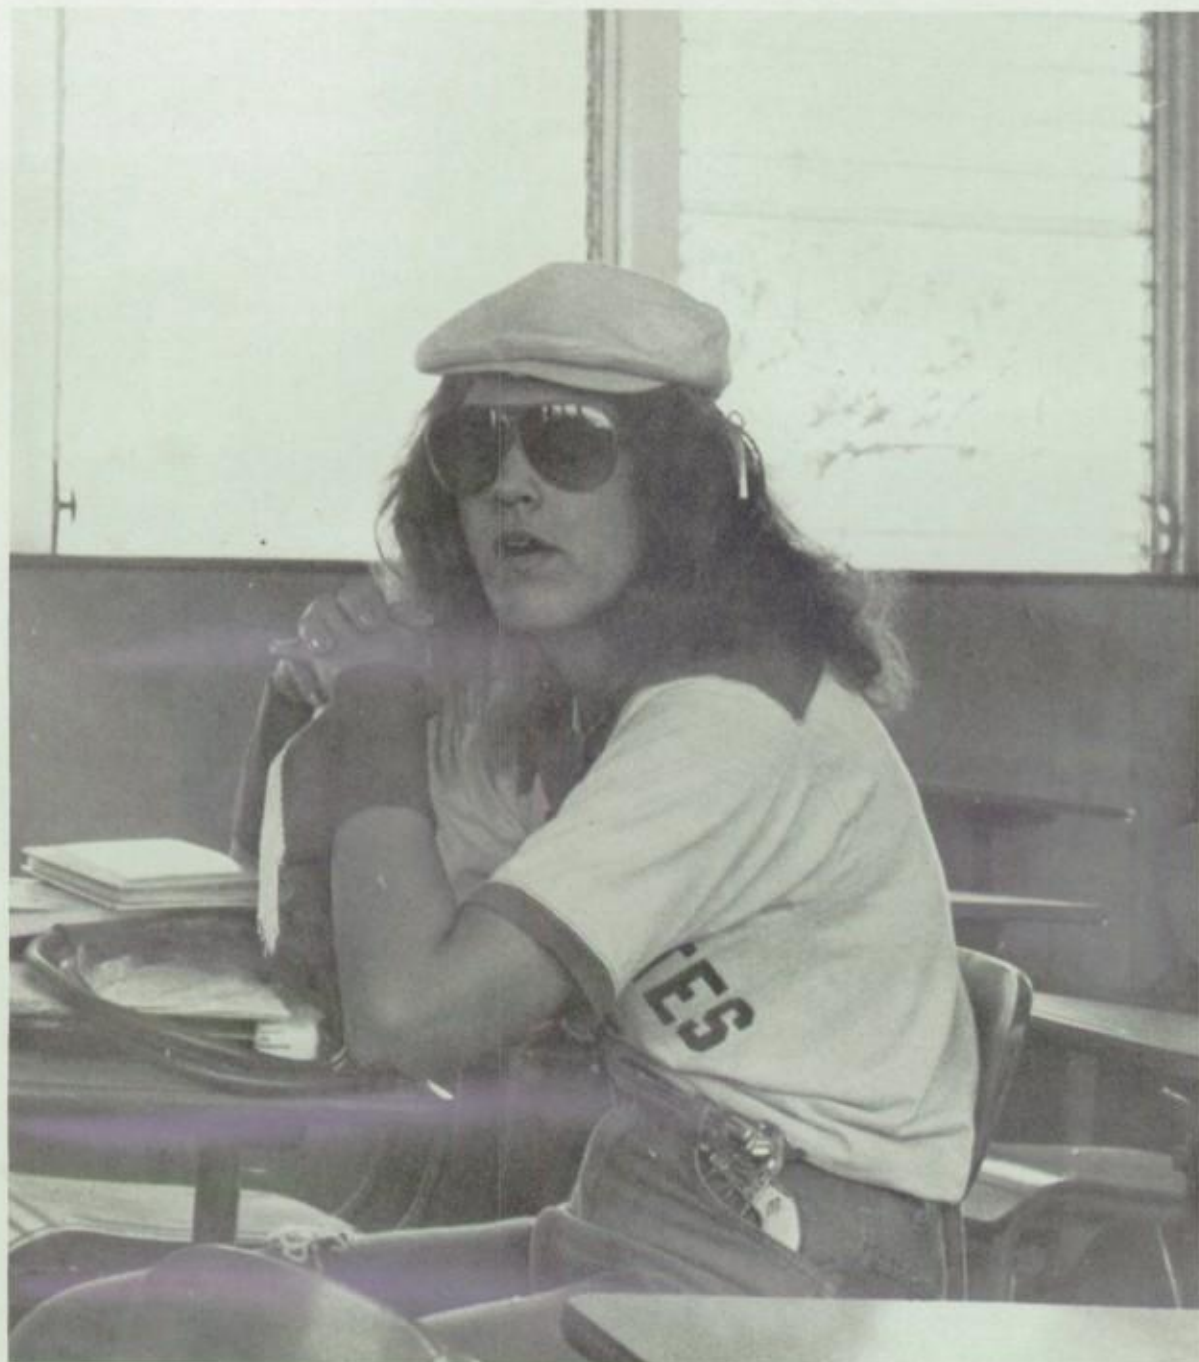

What would Homecoming be without spirit week and a parade? Well, thanks to a hard working and diligent student body, both were a success.

The activities of spirit week included Monday as crazy dress day, Tuesday as a dress-up day honoring one's favorite character, Wednesday as toga day, Thursday as mourning day, and Friday as red and white day. The students who participated in the spirit week's clothing styles couldn't be missed as they strolled down the halls of Satellite High.

The parade that took place on Friday before the game attracted the attention of city residents as it moved on through Satellite Beach. The parade included the Scorpionettes, band members, floats, spirit cars, and Homecoming candidates.

(LOWER RIGHT): During spirit week many interesting specimens were found lurking in the halls. Among them were Ray Keys, David Green, Terry Ferguson, and Jennifer O'Leary.

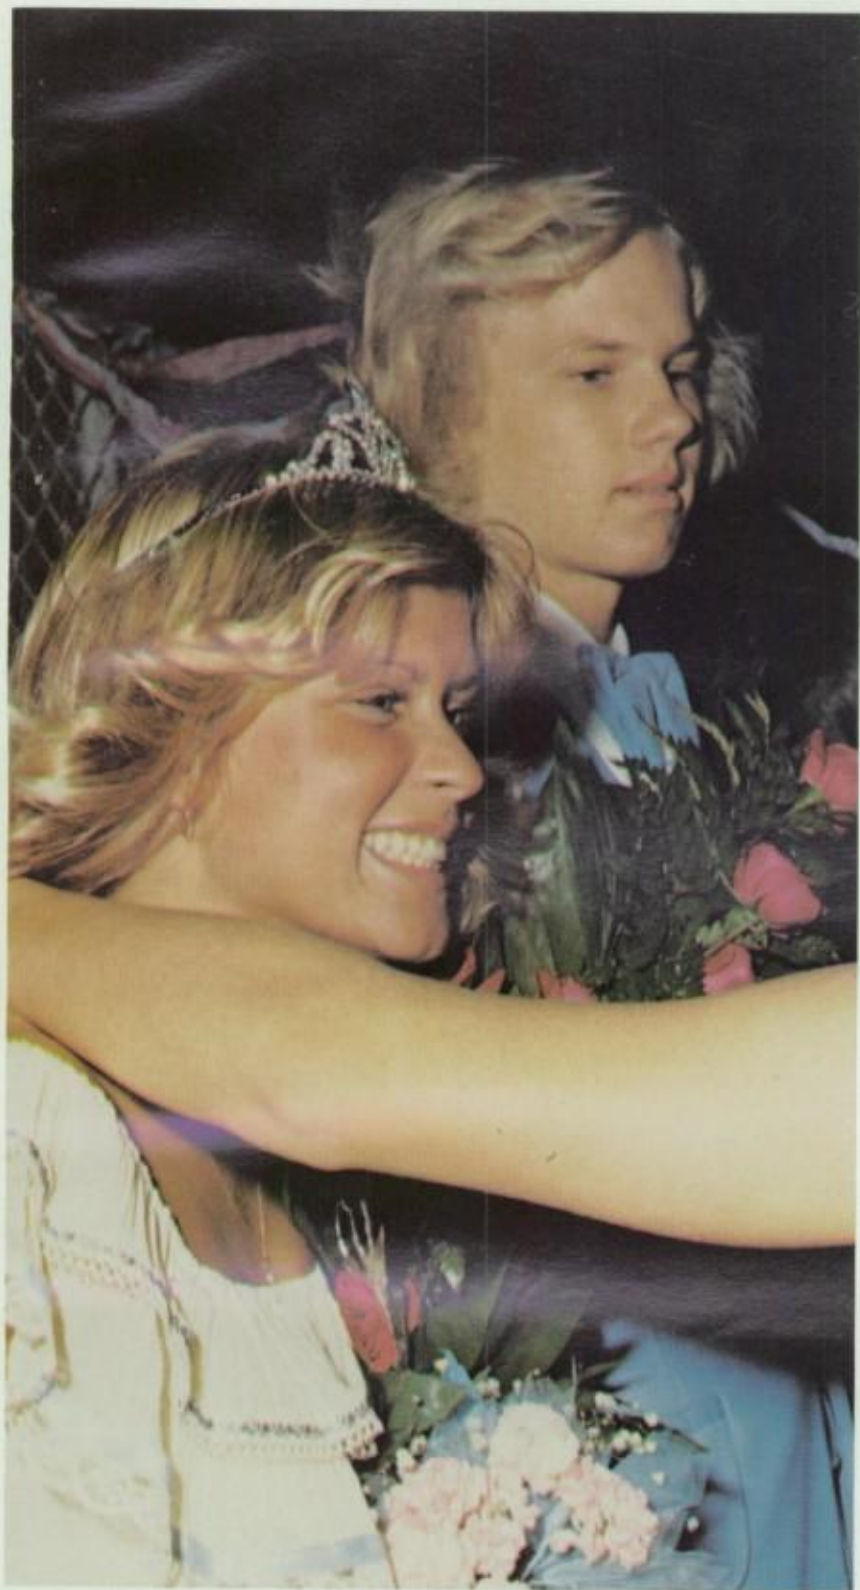

The first and biggest event of the school year is Homecoming. Activities include Spirit Week, The Parade, Crowning of the Queen, and the big game. The Satellite Scorpions defeated the Jacksonville Tigers, with a final score of 7 to 3. The halftime activities included a fireworks display and Debbie Schreckengast being crowned as the 1978-79 Homecoming Queen. The week preceeding Homecoming the students were involved in Spirit Week and the Homecoming Parade. Spirit Week includes five days of dressing in ridiculous attire, to keep up school spirit. The Homecoming Parade enlightened the hearts of Satellite Beach residents as it paraded through their streets. The prize winning float was designed by the F.E.T.A. and was entitled Big Wednesday. The Homecoming dance was held at the Cape Colony Inn in Cocoa Beach. Music was provided by American Heritage, and there were plenty of refreshments and good times for all.

(Top): Students take the time during lunch to catch up on unfinished homework. (Middle left): The senior patio is one of the most popular social gathering places at Satellite. (Lower left): In the age of converse over homosexuality, Jennifer O'Leary and Terry Ferguson jokingly ask "Anita who?"

## The Daily Grind

Between the hours of 7:30 and 2:00, much more goes on at school than just classes. It all starts at 7:25 when the first bell rings. At this time lockers slam, conversations end, and students head on toward their first period class. From then on everything usually goes smooth until 10:30 to 12:00. At this time lunch hour is going on and students can be found doing just about anything from eating to studying and from socializing to sleeping. But alas, the bell rings at 12:00 and only the memory of lunch period is left. The last two hours of school are spent in classes until finally, at 2:00, the sweet toll of the dismissal bell is heard and freedom takes over not only the minds of the students, but of the teachers as well.

(Top): Kim Norheim doesn't seem to mind the noisy, crowded bus ride home. (Bottom): It appears here that the senior patio has turned into a Men's Club.

## Watersports Popular with Satellite Students

Surfing, waterskiing and sailing are some of Florida resident's favorite pastimes. Here at Satellite they are each someone's hobby. Surfing seems to be one of the bigger sports, coming easier for some people than others. You may be out all day trying to catch a wave and then again it may take only a matter of minutes. If there aren't "any waves" to catch, then one might try sailing. Of course you can't very well go sailing if "the wind isn't right", now can you? You can always resort to waterskiing. Waterskiing can be done almost anywhere, at anytime, provided you have water, a boat, and skis. And don't forget the rope; you won't get very far without it! All in all, Watersports are one of Florida's, and Satellite's great pastimes.

# AFS EXCHANGE STUDENT

To many, Sven Hallheden is just a regular Satellite High student. But a closer look reveals some differences. Through AFS, Sven is an exchange student from Alingsas, Sweden. He has the chance to live in another society, a different lifestyle, and meet interesting people. Sven finds that parental rules, school courses, and social gatherings remain pretty much the same. The main difference he has discovered is the greater amount of TV watched in the U.S. Sven's Swedish school does not have closed campus and students do not pay for school meals. The spirit at U.S. schools is better, sports here are better organized and there are more extracurricular activities to participate in.

And how does Sven feel about the girls here? Well, they are nice looking but more concerned with styles than in Sweden, where there is not such a large selection or variety of clothes. He adds that there are many blondes here, as in his own country.

Sven might have a slightly different background, but he still works hard at school, takes on an afterschool job, enjoys some sports and still has a little time for socializing like any other Satellite student.

UPPER RIGHT: Sven Hallheden takes time to flash one of his friendly smiles.

LOWER RIGHT: Sven enjoys socializing with some of his new friends.

## SIDEWALK SURFING

Get air, fly away, elevator drop and pressure drop. These are not maneuvers taught to airline pilots but merely terms used in skateboarding. Skateboarding or "sidewalk surfing" is a popular sport for those with coordination, good timing and a little bit of daring. Indian Harbour Beach Skatepark, the hangout for local skateboard addicts, was the site for these photos.

## SCORPS GET FIRED UP!

"Blood, blood, blood makes the grass grow!" and other gory cheers can always be heard on Friday afternoons during Satellite's pep rallies. These pep rallies are supported by the football players, band, cheerleaders, scorponettes, scarlettes and the student body. Their purpose is to get students and players fired up for that night's game and dance which usually follows.

UPPER RIGHT: Scorps mourn Jacksonville Tigers. BELOW RIGHT: Football players cheer themselves on.

TOP LEFT: Satellite's Village People show their spirit. MIDDLE: All for Scorps stand up and holler. BOTTOM: Spirit is shown by a confident smile.

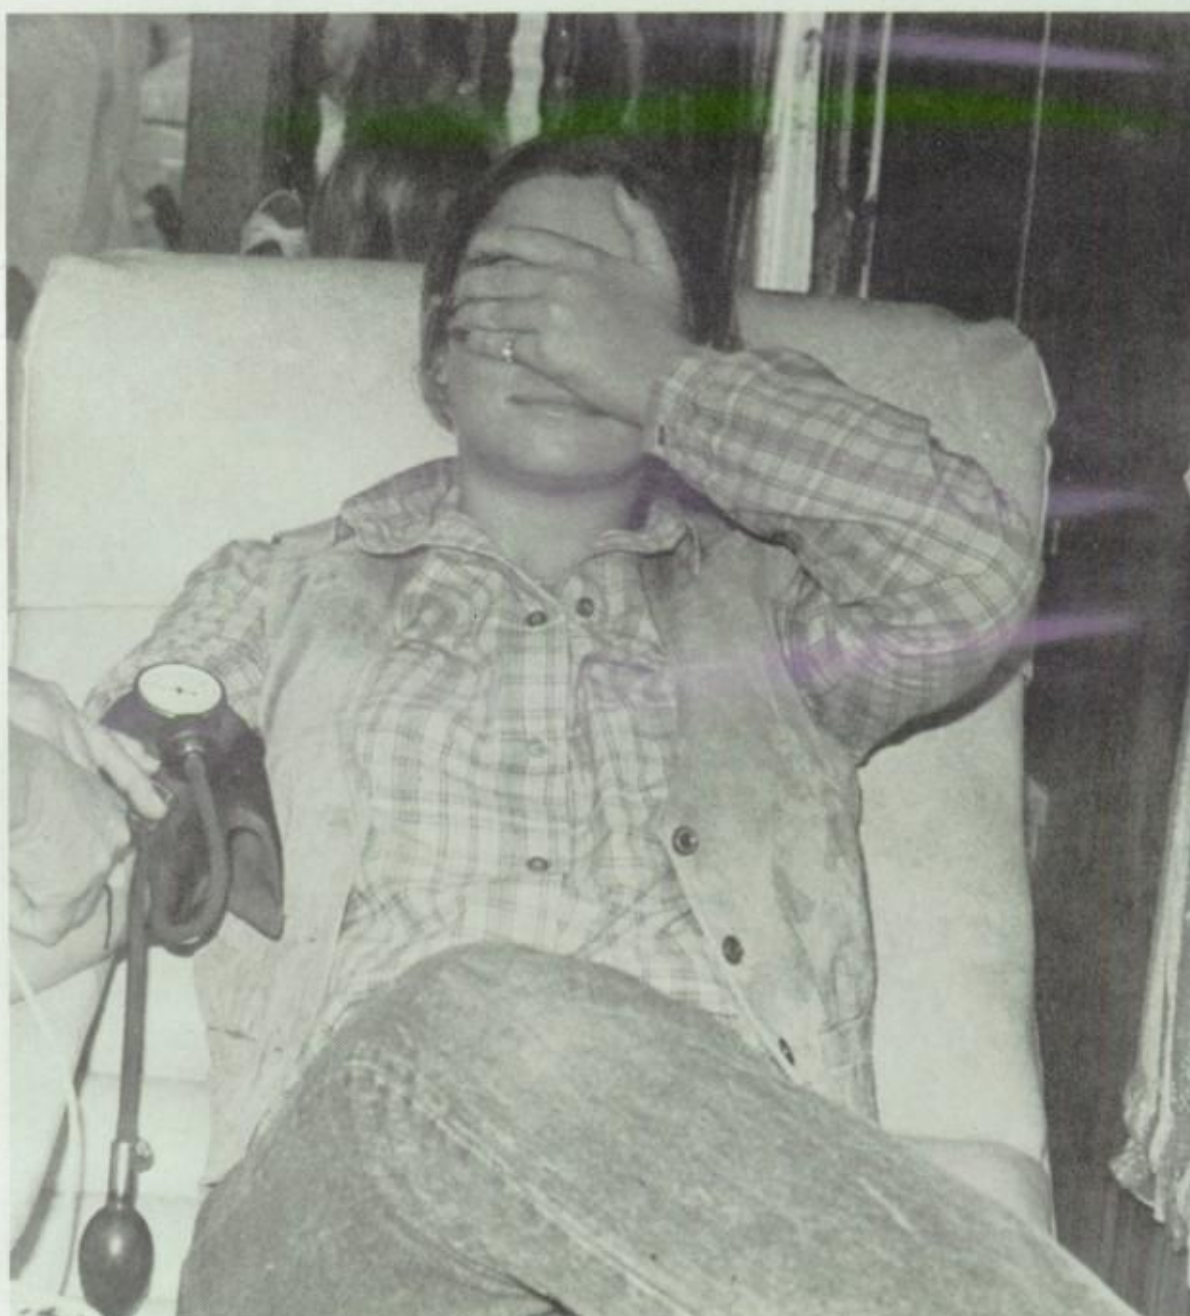

## BLOOD DRIVE

In December, the Youth for Christ club sponsored their annual Blood Drive. Sixty-nine students and one teacher contributed to the seventy pints of blood collected. Any student participating had to be at least 17 years of age and the donors' names, ages, and blood type was taken before the blood was actually drawn.

Page 226 (top right): They gave, did you? (Lower right): Lisa Dane shields herself from the sight of blood. (lower right): Vee vant to take your blood.

## FRIDAY NIGHT FEVER?

It's Friday night at 9:00 and loud music can be heard from inside Satellite's gym. Students dressed in every style of clothing imaginable gather for a night of dancing and socializing. Almost any style of dancing can be seen on the dance floor. Others can be seen in the bleachers, talking, or out in the arcade. These dances are sponsored by the various clubs at Satellite. This particular dance was sponsored by the Sophomore class of 1981. Most of these dances have a Disc Jockey and always have food for those who would rather "munch out" than dance.

These dances are usually all successful until the clock strikes twelve; then the music dies down, the gym empties and is closed, and another Friday night is to be remembered.

# DISCO!

Disco dancing has anonymously been named the number one fad of the year. It was a little more than a year ago when John Travolta introduced disco to the country by way of *Saturday Night Fever*.

Now disco has burgeoned into a 4 billion dollar industry with hundreds of thousands of dollars spent on complex sound and lighting installations, clothing, and other related services. (By contrast, movies are a 2.7 billion business; records and tapes bring in 3.5 billion).

The "Upstairs Disco" in Cape Canaveral is the most popular disco for Satellite students. Here, young people between the ages of 15 and 21 can go to dance, or just socialize in a sophisticated, adult atmosphere.

Parents especially, are pleased with the "Upstairs Disco" because it is well chaperoned by the owners and no alcoholic beverages are permitted.

Page 226: Upper Right: The mirrored wall is a favorite dancing spot. Lower Right: Kenny BenKori is always there to provide top music to the enthusiastic crowd. Lower Left: The fine art of disco dancing with a partner takes much practice and coordination. Page 227: Top: An occasional slow song provides time to relax from the fast moving disco beat. # SURVEY

# SURVEY

## THE PEOPLE'S CHOICE

In early November, a survey was taken by the Scorpio staff to determine where the students' interests lie. They were allowed to choose their favorites from under six main topics: Pastimes, Movies, Television, Cars, Singers or Groups, and Albums. The topics are listed from either the top five or the top ten, letting the first listing bring the top choice of that category. After looking over the survey one can see what the people's main interest is.

The pastime favorite was surprisingly sports. Satellite High still has a majority of students who enjoy healthy activities before socializing and partying.

Movies were mainly comedies.

Students appreciated fast-moving or busy flicks. Short, 30-minute comedies were popular in television. Students tend to see more funny or relaxing shows both at the theater and at home.

In both the favorite groups and album categories, Boston came out on top. Their album "Don't Look Back" contains some of the songs that made them tops. This group and others in the survey seem to lean toward average rock-'n-roll and into the slow, easy-listening sounds.

Of course, this survey shows the opinions of this year's student body.

# A STUDENT'S WORK IS NEVER DONE

In addition to schoolwork, sports, and other extra curricular activities, some students manage to hold down the responsibilities of a part-time job.

Besides learning to get along with other people, these students learn and master skills that will be an asset to them in the future. Many find their lives are filled with more manners and common courtesy toward the public.

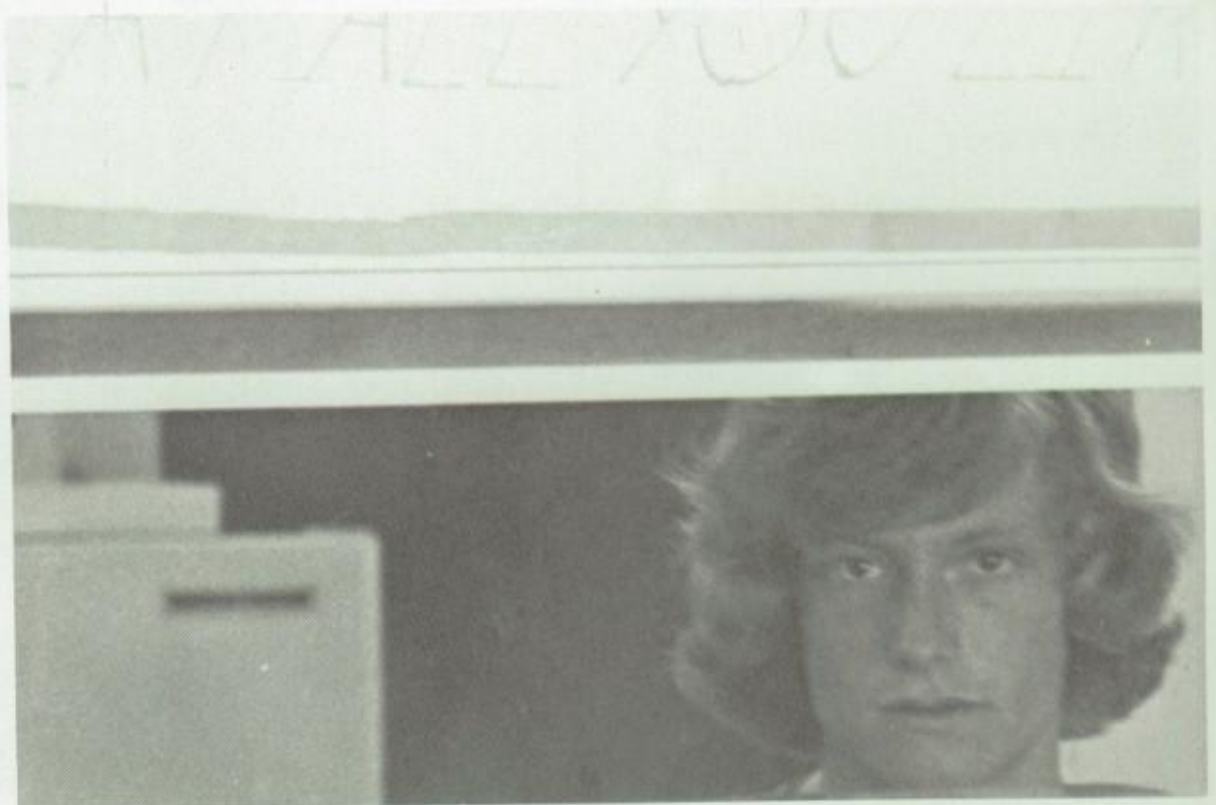

To others a job might be mainly to make money. Some students rely on a job to put them through college to provide a healthier future with a fuller education. The money can also be used to provide the student with a means of transportation.

As one can see, having a job means more than just filling time. There are many reasons for taking a job, but jobs aren't for everyone. A job means getting there on time, doing properly what is asked of you, and more to prove one can handle the job. Also, one has to maintain their grades even with a job. So it takes careful planning and usage of spare time for school work in-

stead of just fun.

Some of the most common places of employment for Satellite

students are McDonalds, Pantry Pride, Bill's Big Burger, and Food World.

## Mr. Satellite

The object of the Mr. Satellite contest was to raise money for the Satellite Marching Band's new uniforms.

The contest was a run away between two very unlikely candidates: A teacher and a sophomore. The teacher was Mr. Griffin who was sponsored by the Science Club, and the sophomore, Rudy Fredrico was sponsored by the sophomore class. Mr. Griffin edged out Rudy by a miniscule amount, but nevertheless came away with the first annual Mr. Satellite award.

PAGE 232: TOP: Sam Levine and Bill Newsome show off their legs to the onlooking crowd. BOTTOM: Students spend their lunch hour collecting money for the candidates. PAGE 233: TOP: The candidates for the Mr. Satellite contest were as follows: Tony Bils, Chris Botto, Mr. Braxton, Neil Ferguson, Jim Gentile, Mr. Griffin, Sam Levine, Frank Lovaglio, Bob Meisenheimer, Ron Merrix, Ed Meszaros, Mike Mihaly, Bill Newsome, Andy Pratt, Steve Reiss, Karl Rogers, Steve Rossi, and Rudy Fredrico. BOTTOM: The tension builds as the Mr. Satellite contest patiently wait to hear the outcome of the election.

## "HOW DOES YOUR LOCAL HAMBURGER HANGOUT RATE?"

A student's life is full of activity. In the past, many parents hardly ever saw their son or daughter except at dinnertime, because of some activity going on at school. To most people today, there is no such thing as a "family meal". Teenagers grab a hamburger to eat at some fast food place.

Scorpio decided to compare these favorite places by showing what each place has to offer. Maybe students will switch to another place or maybe they'll realize a home meal is better than any of these places. Who knows, parents might start seeing their son or daughter at home for dinner.

## YTJUA7 FACULTY

## FACULTY

Billy R. Davis

## Principal

The responsibilities of Mr. Davis, our principal, are many. In addition to spending long hours working in an office performing his normal administrative functions, he works as a public relations man, and talks to parents and students. He is often required to stay after school for activities such as sports, dances, and other social functions. It's not easy, but Mr. Davis does an outstanding job.

Mr. Harold Mann

Mr. Hartzel Jennings  
Adult Education Co-ordinator

## ADMINISTRATION

The remaining duties of the administration of Satellite are assigned to Vice-Principals, Harold Mann and James Parker. Their time is divided between enforcing school regulations, coordinating student activities and honor functions and filling in for Mr. Davis when necessary. The duties of Hartzel Jennings center around the coordination of the Adult Education Program here at Satellite. The dedication and know-how of these men are reflected in the outstanding recognition and reputation that Satellite upholds.

LEFT: Disgusted by the sloppiness of students, Mr. Mann picks up trash left on the senior patio.

BELOW: Mr. Parker helps clear the confusion of this sophomore regarding registration.

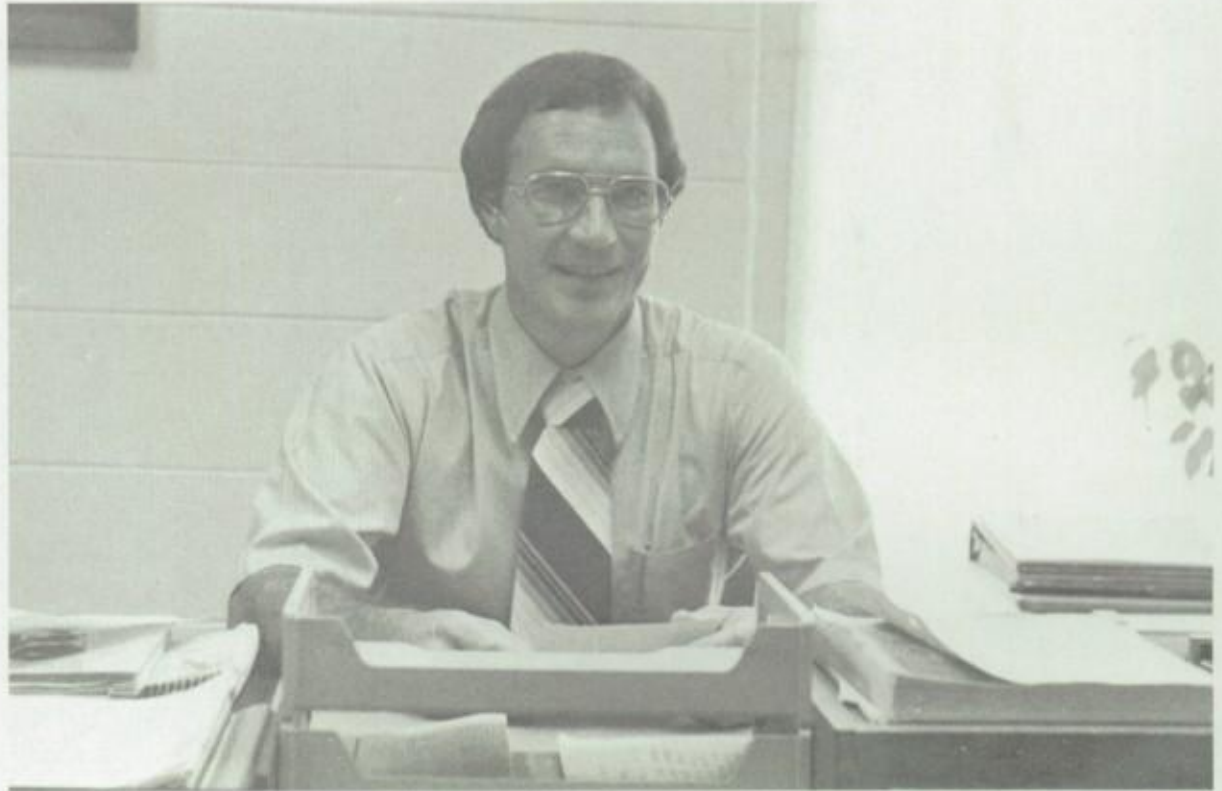

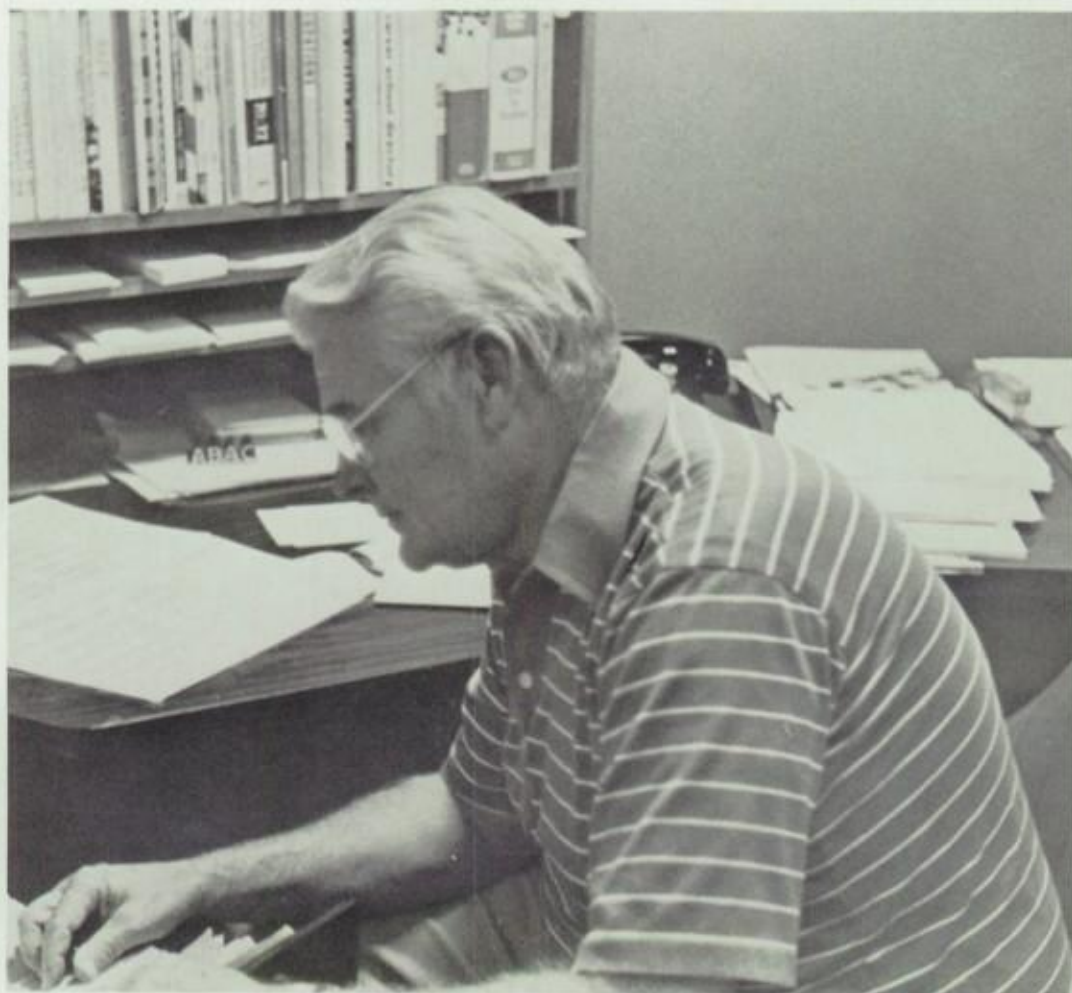

## DEANS

You will often notice these suspicious looking people (see photos) wandering around McDonalds during lunch. If you see them, run for your life; they are highly dangerous. They are our deans, Mrs. Gloria Difabio and Mr. David St. John, and their duties include the enforcement of Satellite rules and regulations. Besides this disciplinary work, they are available to discuss problems that students may have with their attendance, credits, or teachers.

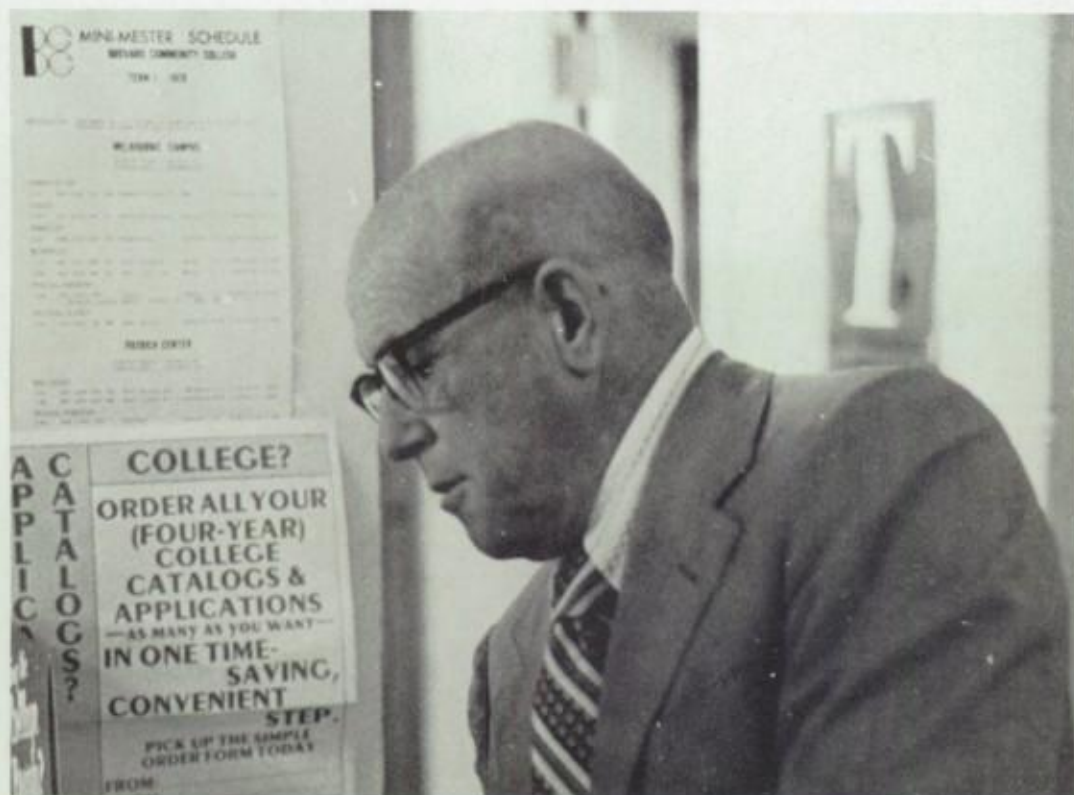

## COUNSELORS

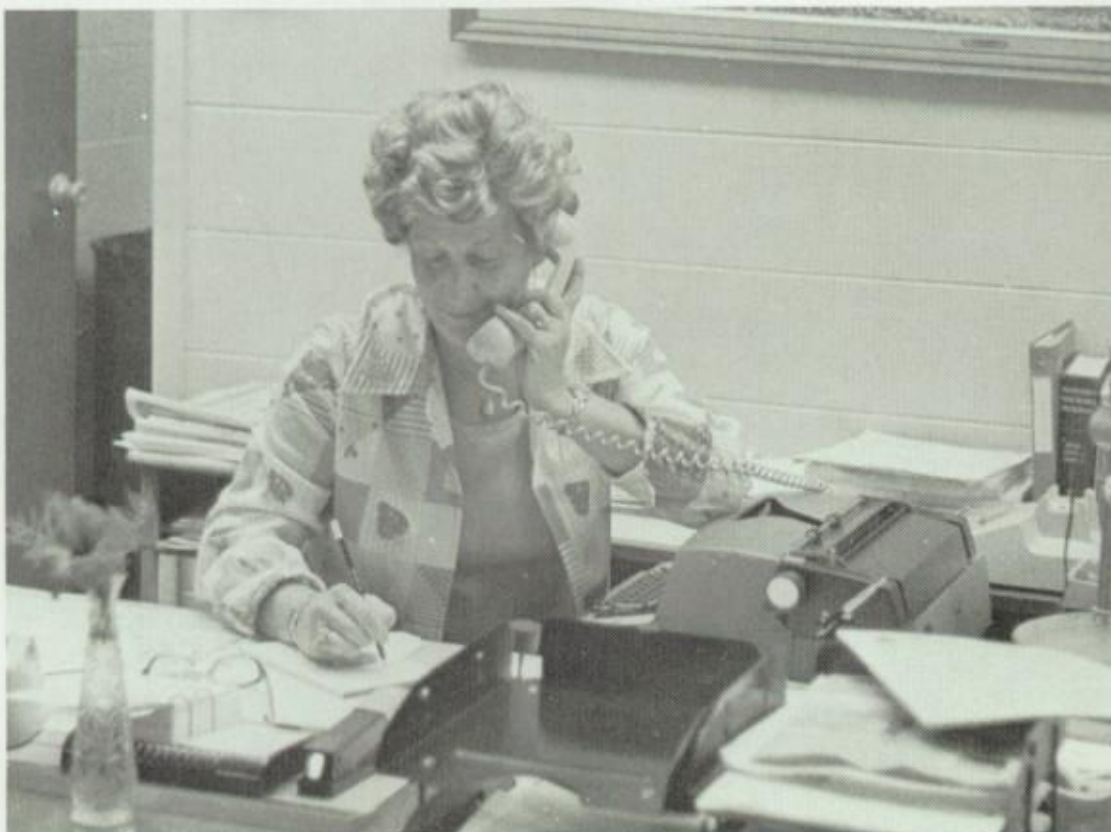

Problems with classes, problems with teachers, problems at home. These are some of the things our counselors have to face every day. And with 1,820 students there are a great number of problems to be solved. For organizational purposes, students are assigned to counselors alphabetically, but for unschool-related problems, they may confer with anyone of their choice. Dr. Colman heads this department including Mr. Jack Maynard, Mrs. Sue McMillan, and Mrs. Elizabeth Hunter.

## OFFICE STAFF

Satellite is most fortunate to have such a dedicated group of women to handle the clerical and organization end of running the school.

IN MEMORY OF JESSE McKINLEY

February 23, 1931 — August 25, 1978

A loved and familiar face at Satellite, Mr. Jesse McKinley's death after an eight month struggle with cancer was a sorrowful experience for a great many students acquainted with him. An instructor of art, pottery and drawing, Mr. McKinley was one of the original teachers of the newly opened Satellite High School in 1961.

In his sixteen years of instruction, Mr. McKinley touched and enriched the lives of all who were fortunate enough to have known him.

#### CUSTODIAL STAFF

Mr. Deluca's day begins as he unlocks Satellite High School. He is the supervisor of the custodial staff. During the day Mr. Deluca makes major and minor repairs around the school building. However, Mr. Deluca does not spend his entire day fixing things. He is in charge of keeping the rooms and campus grounds clean. To do this he divides the work evenly among the 14 maids and janitorial crew. After everyone goes home, Mr. DeLuca secures the school for another night.

Taking care of bumps and bruises is the job of this dedicated group of women known as the Red Cross Volunteers. They receive no pay for their many hours donated to helping sick students. They do a fine job, and deserve a little thanks.

A year has ended, and so another edition of the **Scorpio**, whose staff has worked so desperately to capture the loves, hates, attitudes and desires of a group of very special people — the students of Satellite High School. For many, this marks the end of our high school years. We have just the memories to carry with us as we leave to pursue the future — our futures. For others, it is just the beginning of your years at Satellite, with so many happy times and activities to look forward to sharing. In either case, the experience of living in this beachside, space-influenced community has been valuable, each of our lives effected by it in some way.

As editor of the **Scorpio**, it is my responsibility to produce a yearbook that will be a keepsake, something that will retain the memories of our years together for years to come. I hope that the staff and I have been able to do this.

I would like to thank you, the students of Satellite High School, for an enjoyable three years, and for making this job such an exciting experience for me.

*Karen Vock*

Good Luck to each of you,

Dear Teressa,

as I'm sitting here writing this I can think of so many things to say but I don't know how well I'll be able to express my feelings toward you. We've been best friends forever but yet it seems like such a short time. I guess 4 years is a short time when you've talking about life. We've been through a lot together, haven't we? We've been separated for two years and I was afraid that by the time you decided to join us again you'd be changed but, I should've known. You've always been the sweetest, kindest (smallest, sorry but I had to put that in there!) person I know. Remember all the good (and crazy) times we've had. You'll always be my best friend so remember that! I can talk to you about anything (or anyone) and I'm glad! I really missed you when you were gone - don't you ever leave again!

P.S. Mac Muffin!

Love ya always,  
Jennelle

Teresa,  
a really sweet  
and cute girl. Hope  
to see ya before ya  
move! Love ya!  
Nancy

to see  
 more! Love  
 Mary

Jessica,  
 You're one new person I'm  
 glad you should know. I'm  
 glad you opt to come back.  
 You really are sweet & I  
 hope we can constantly become  
 closer. A friend for  
 Jessica, Donna  
 in Biology.

It was fun in Biology  
even though I flunked  
the exam. Hope to see  
you in the summer.

Love ya

Melissa,

Teresa,  
How come everyone I like moves away?!  
It's horribly unfair. Anyway, it's been good  
knowing you here this year and I know  
you'll have fun living in Kentucky.  
Good luck,

Teresa,  
This seems so  
wild signing some  
Florida yr. book.  
I'm so glad you're  
back. Remember  
Lisa's slumber  
party? (The hardy  
boys!!! Ha-Ha!)  
That was so funny.  
~~But~~ I really missed  
you in our little  
group.

Our friends always!
